Unlock your influence with Vyvo SocialFi

Turn Connections Into a Global Income Stream

With Vyvo SocialFi's Influencer Rewards Program, you get rewarded simply by expanding a thriving digital community. Whether you're looking for a side income or aiming to build true financial freedom, this innovative program lets you earn on your terms—*anytime, anywhere*.

Help others with your influence, grow your connections, and unlock unlimited earning potential. For those who take bold action, the rewards aren't just exciting—***they're life-changing***. *The future of income is here*, and it's yours to create!

What is the Vyvo SocialFi program?

-  Vyvo SocialFi lets you earn by helping the ecosystem grow. For example, when you refer people to your Vyvo community you can earn 10% commission paid instantly on their purchases and, in addition, weekly community bonuses.

How can I get started?

-  Sign up, share Vyvo, and earn rewards. With consistent effort, you could potentially generate an extra \$500-\$1000+ per month!

Your future
success
awaits ...

Endless Earning Potential

Earn in multiple ways while unlocking exclusive rewards, recognition, and next-level opportunities—all from *anywhere in the world!*

Please note: Vyvo SocialFi doesn't guarantee specific outcomes from participating in our SocialFi Influencer Rewards Program. Your results depend on your personal efforts in building and engaging your community.

Hub Console

Your Gateway to Residual Income

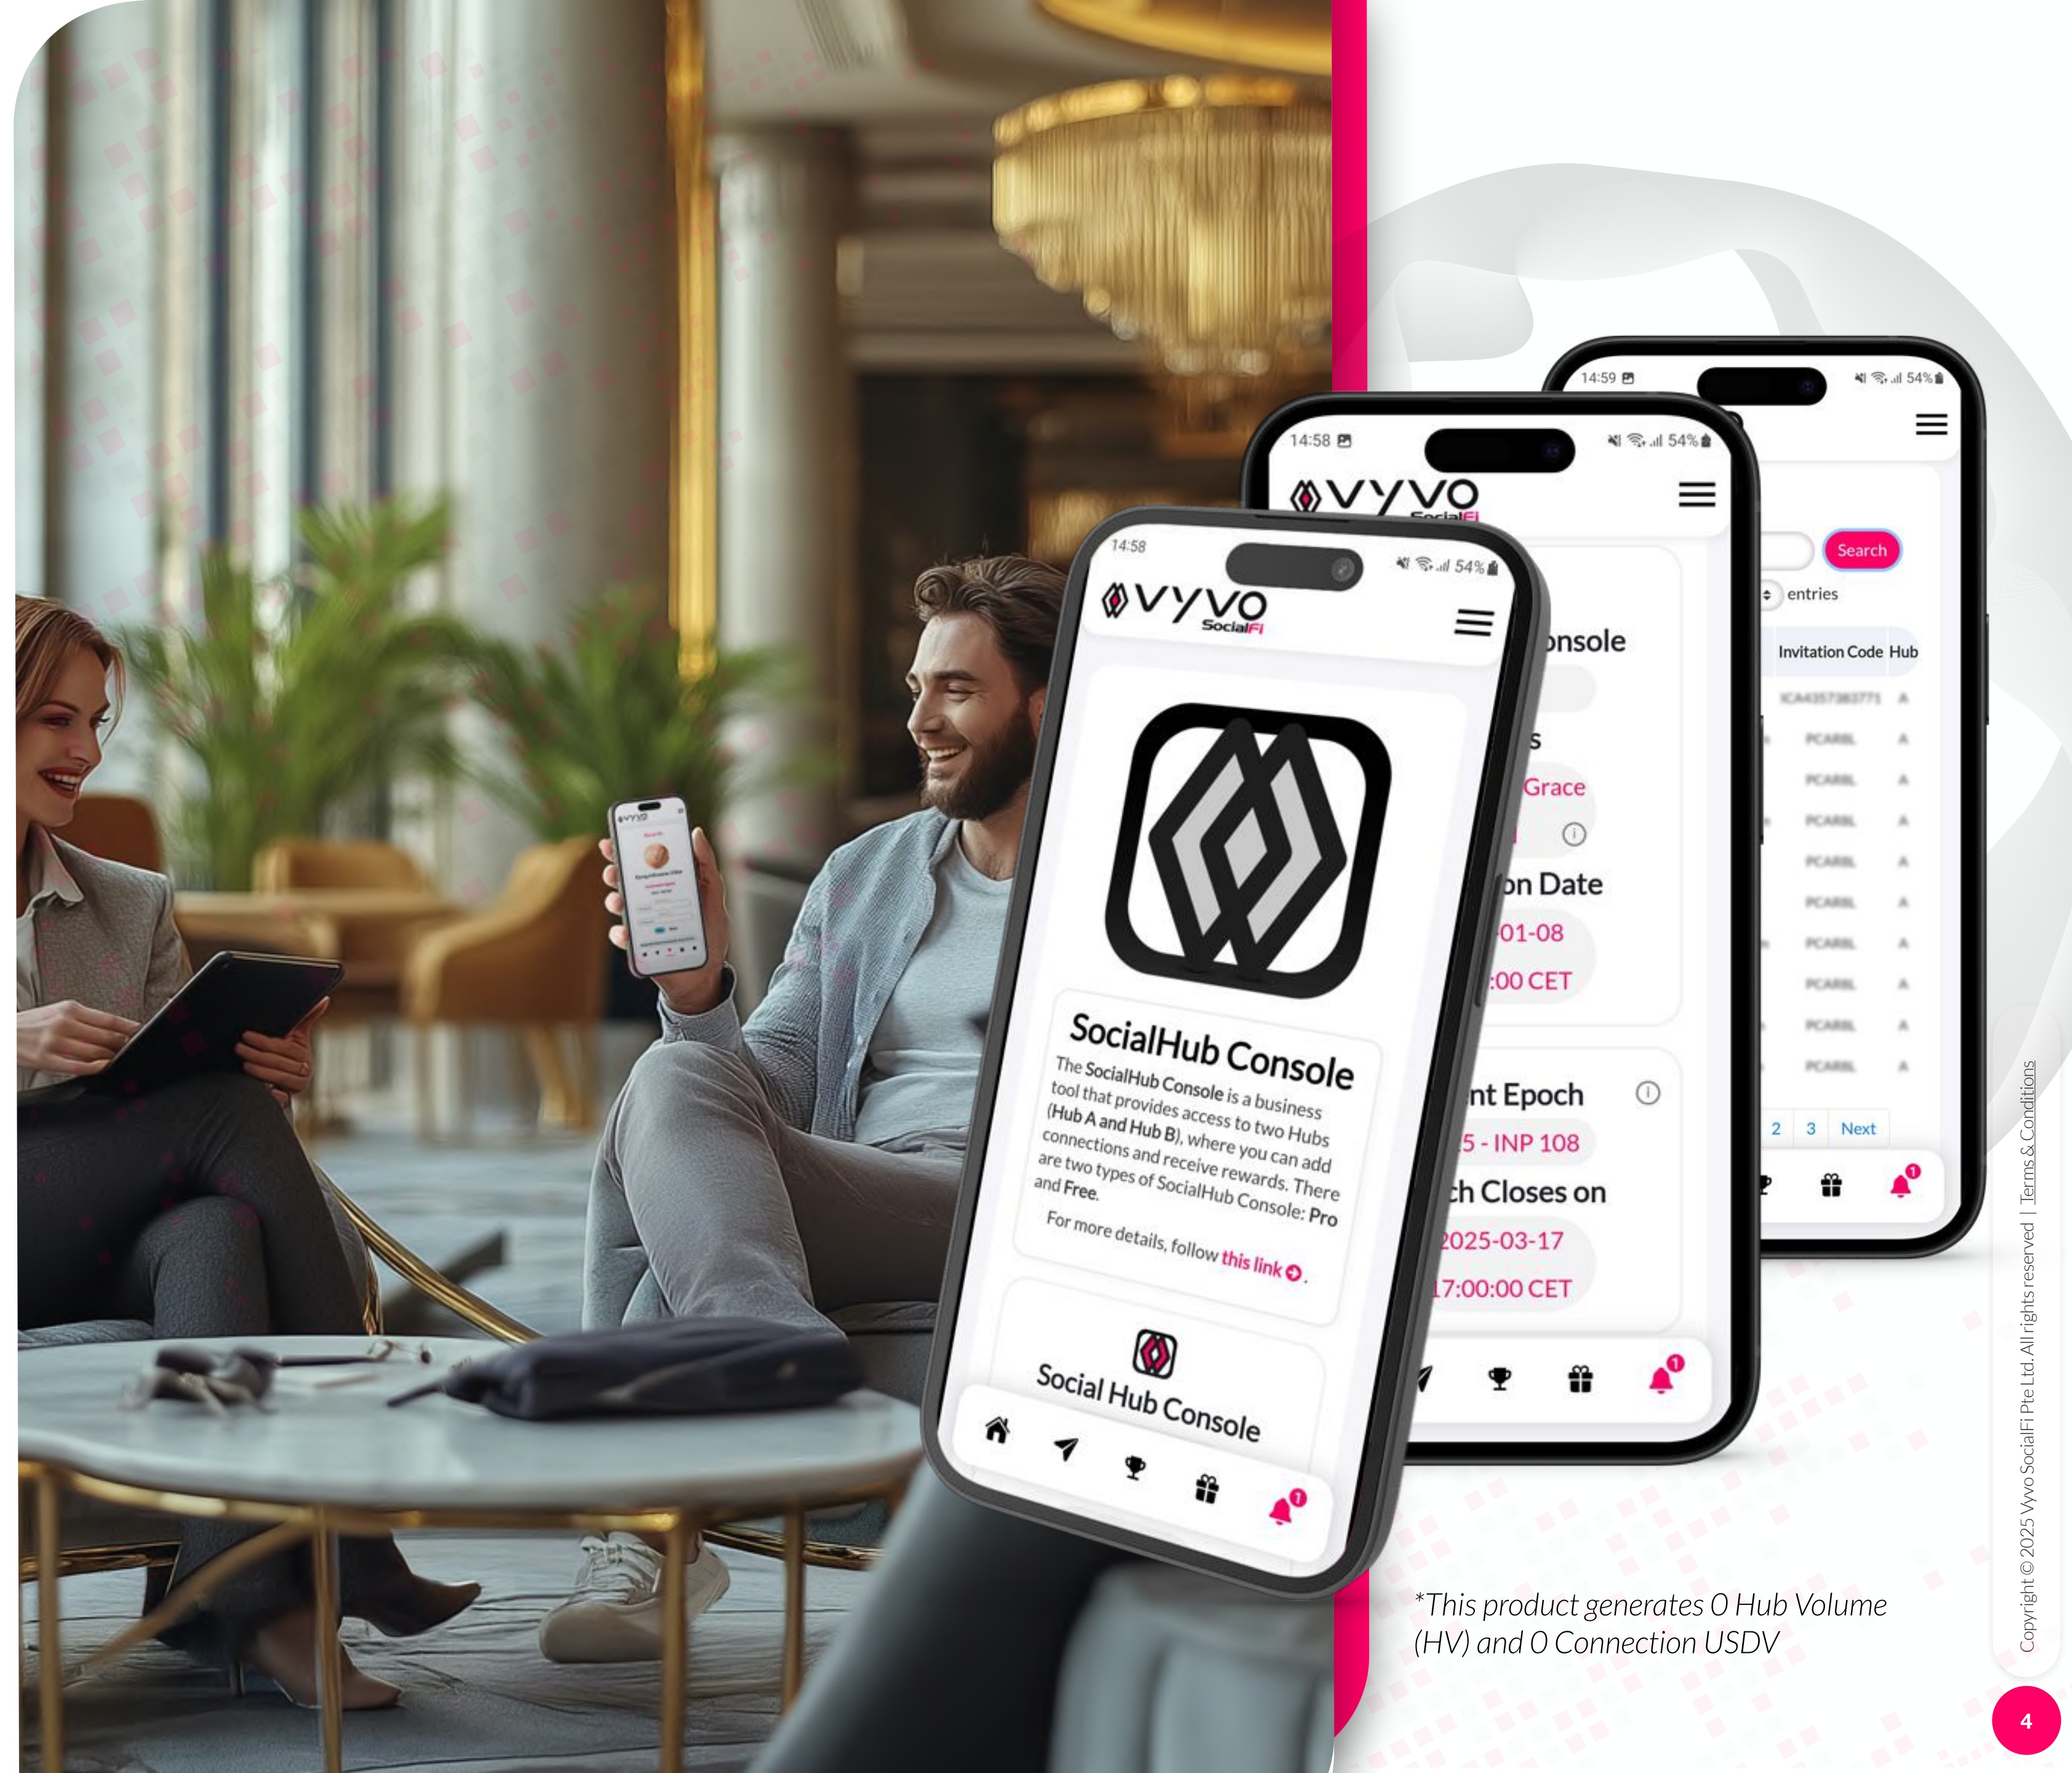

To participate in the Vyvo SocialFi program, all you need is an active Hub Console.

It's your key to building a global Vyvo community and unlocking the full benefits of our rewards program.

Hub Console

\$99/per year*

Contains two Hubs—A and B—along with access to all SocialFi rewards.

**This product generates 0 Hub Volume (HV) and 0 Connection USDV*

Connection USDV

Get Rewarded Instantly!

Earn **10%** commission on any **Vyvo** orders made by your direct Connections—now and in the future.

Every time they make a purchase, you get paid!

Instant Payouts

Your **USDV Rewards** are paid out immediately and land in your **ODEE Wallet** within seconds!

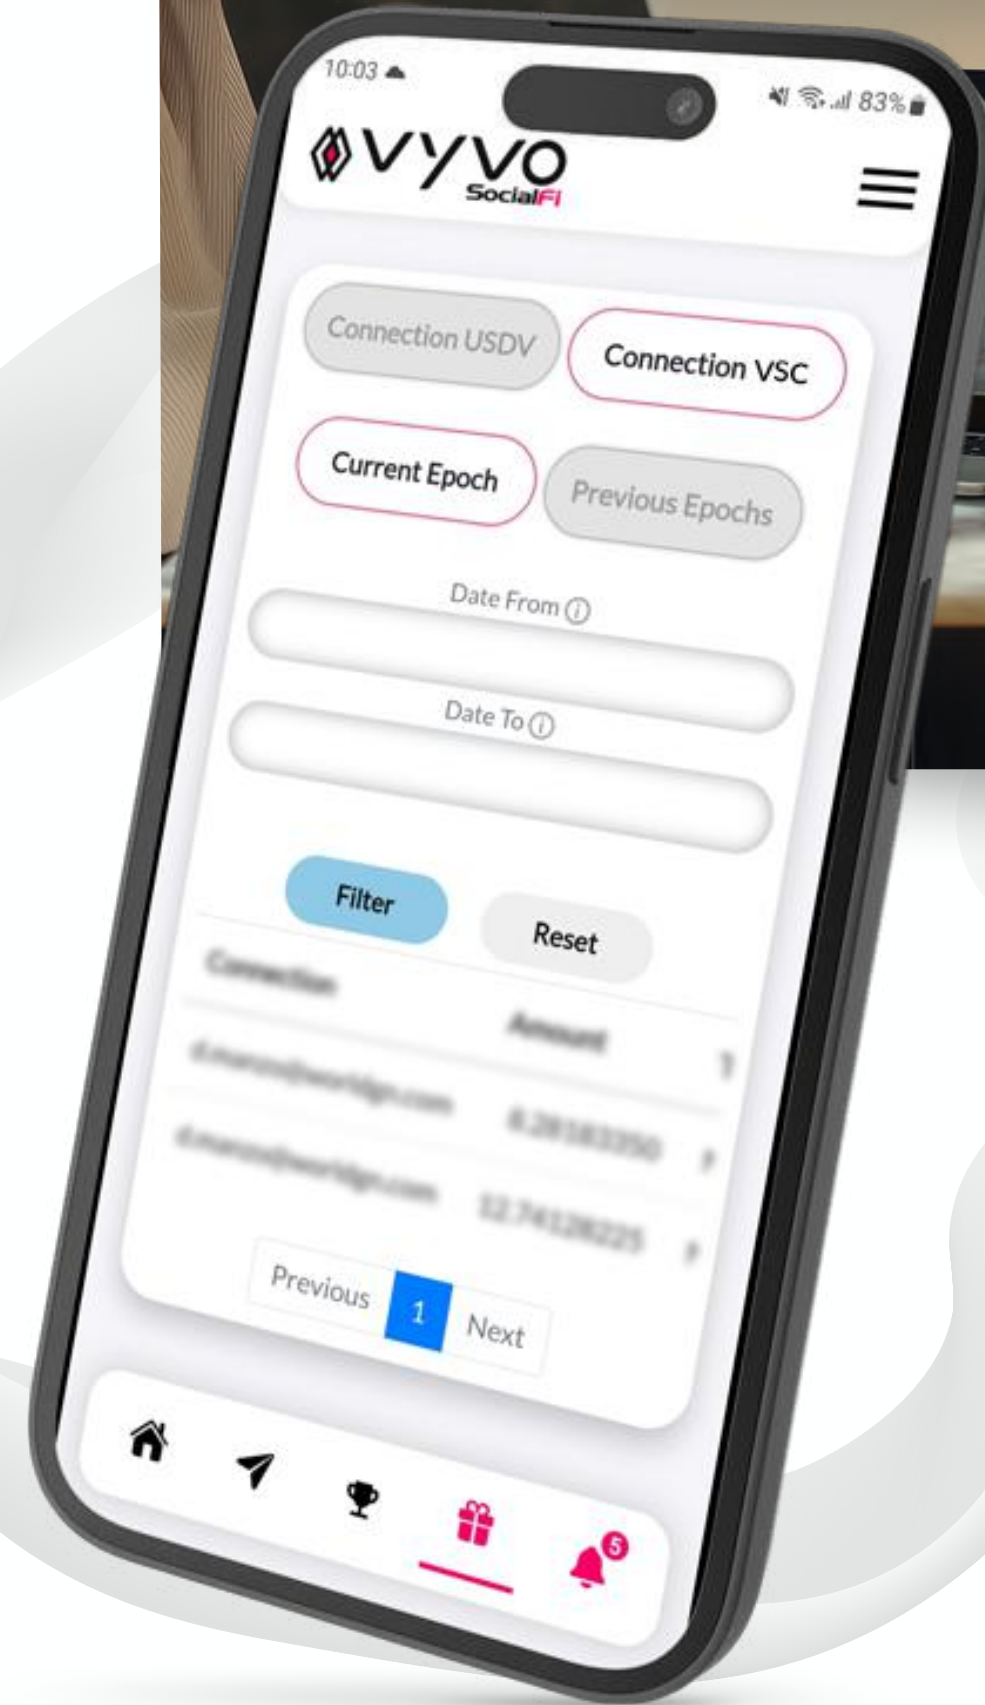

Connection VSC

Up to 25% in Daily Rewards!
For each direct Connection in your community who has an active DATA NFT and Vyvo wearable, you can earn up to 25% through their personal data mining.

Daily Payouts

Your VSC rewards are deposited directly into your Odee Wallet—earn today, receive tomorrow!

Quick, consistent rewards—because you deserve it!

**25%
DAILY
REWARDS**

How Do I Earn VSC Rewards?

- 📍 If your direct Connections have a DATA NFT and a Vyvo wearable, you receive up to 25% of their VSC production—every single day!

When Do I Get Paid?

- 📍 Your rewards are automatically deposited into your Odee Wallet—fast, easy, and consistent!

Community Pool USDV

Maximize Your Earnings with Hub Volume!

What is Hub Volume?

Your community generates Hub Volume (HV) whenever a product is purchased. The HV for each purchase is listed in the price list and is generally calculated at a 1:1 ratio with the dollar.

How Does It Work?

Each epoch, your Hub Volume determines your reward from the global Sharing Pool USDV—unlocking greater earnings as your community grows!

The Bigger Your Community,
The Bigger Your Rewards!

Reward
per Epoch

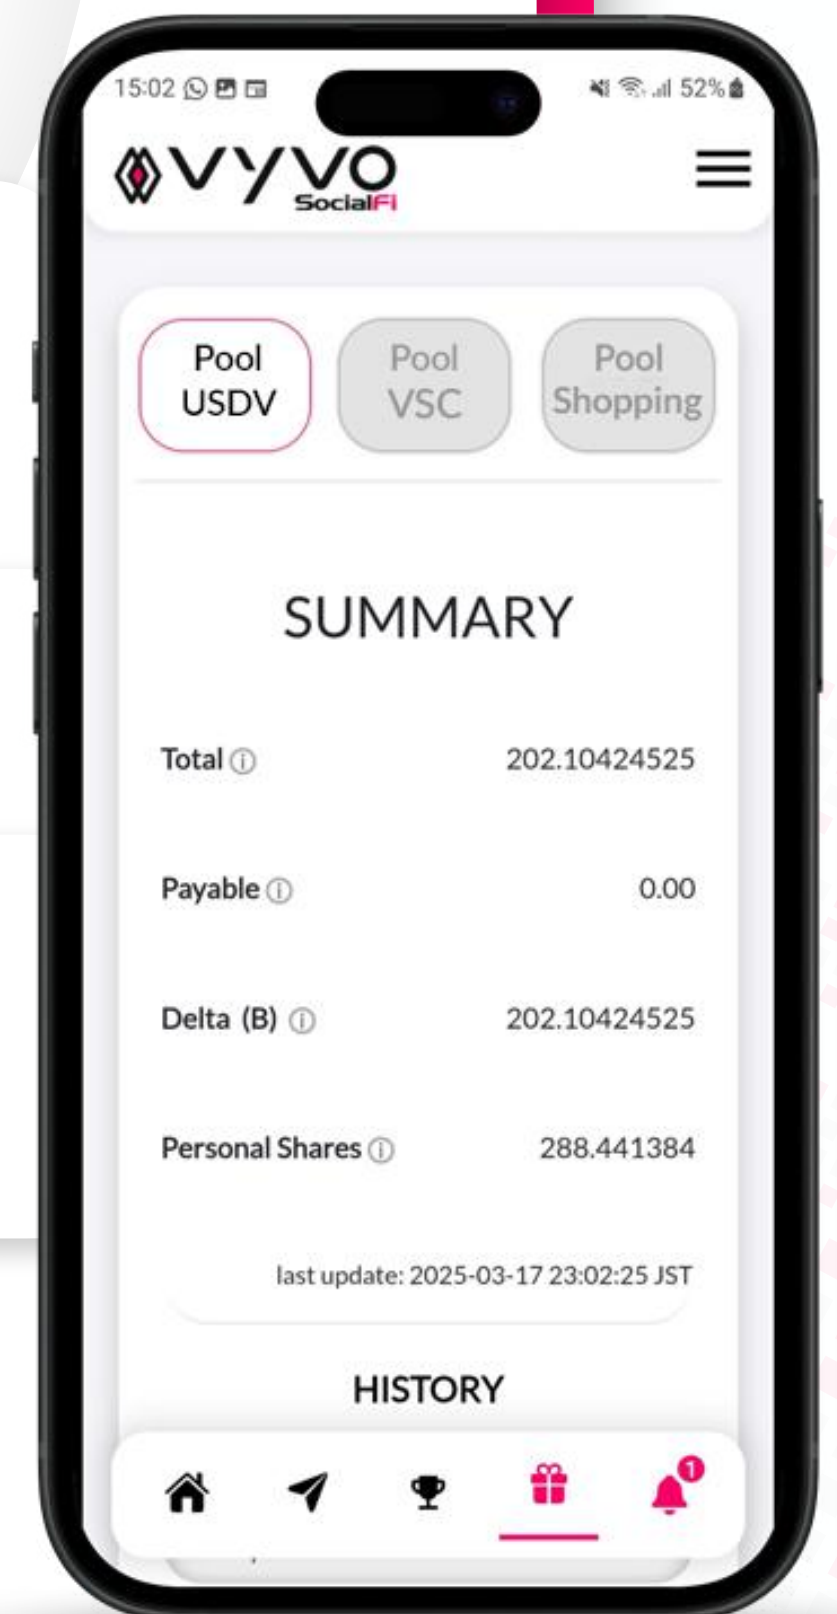

The Community Pool Reward is calculated in the following way

- 1 Your **Payable value** is calculated based on your **Hubs** using the following formula
$$\text{HUB A HV} + \text{HUB B HV} - \text{DELTA} = \text{Payable}$$
- 2 Your Payable value is **multiplied by 3.5%** to determine your pool shares
- 3 Finally, every epoch the company provides a share value*, and your final reward is
$$\text{Your Pool Shares} \times \text{Share Value} = \text{Community Pool USDV Reward}$$

* The share value is typically equal to 1 USDV but may change depending on certain conditions, such as the type and cost of products sold on the partners' side, the total rewards cap, or other parameters.

Please note: the Delta is carried over to the following epoch. Consult Delta Forward paragraph in [Terms & Conditions](#)

[View an Example](#)

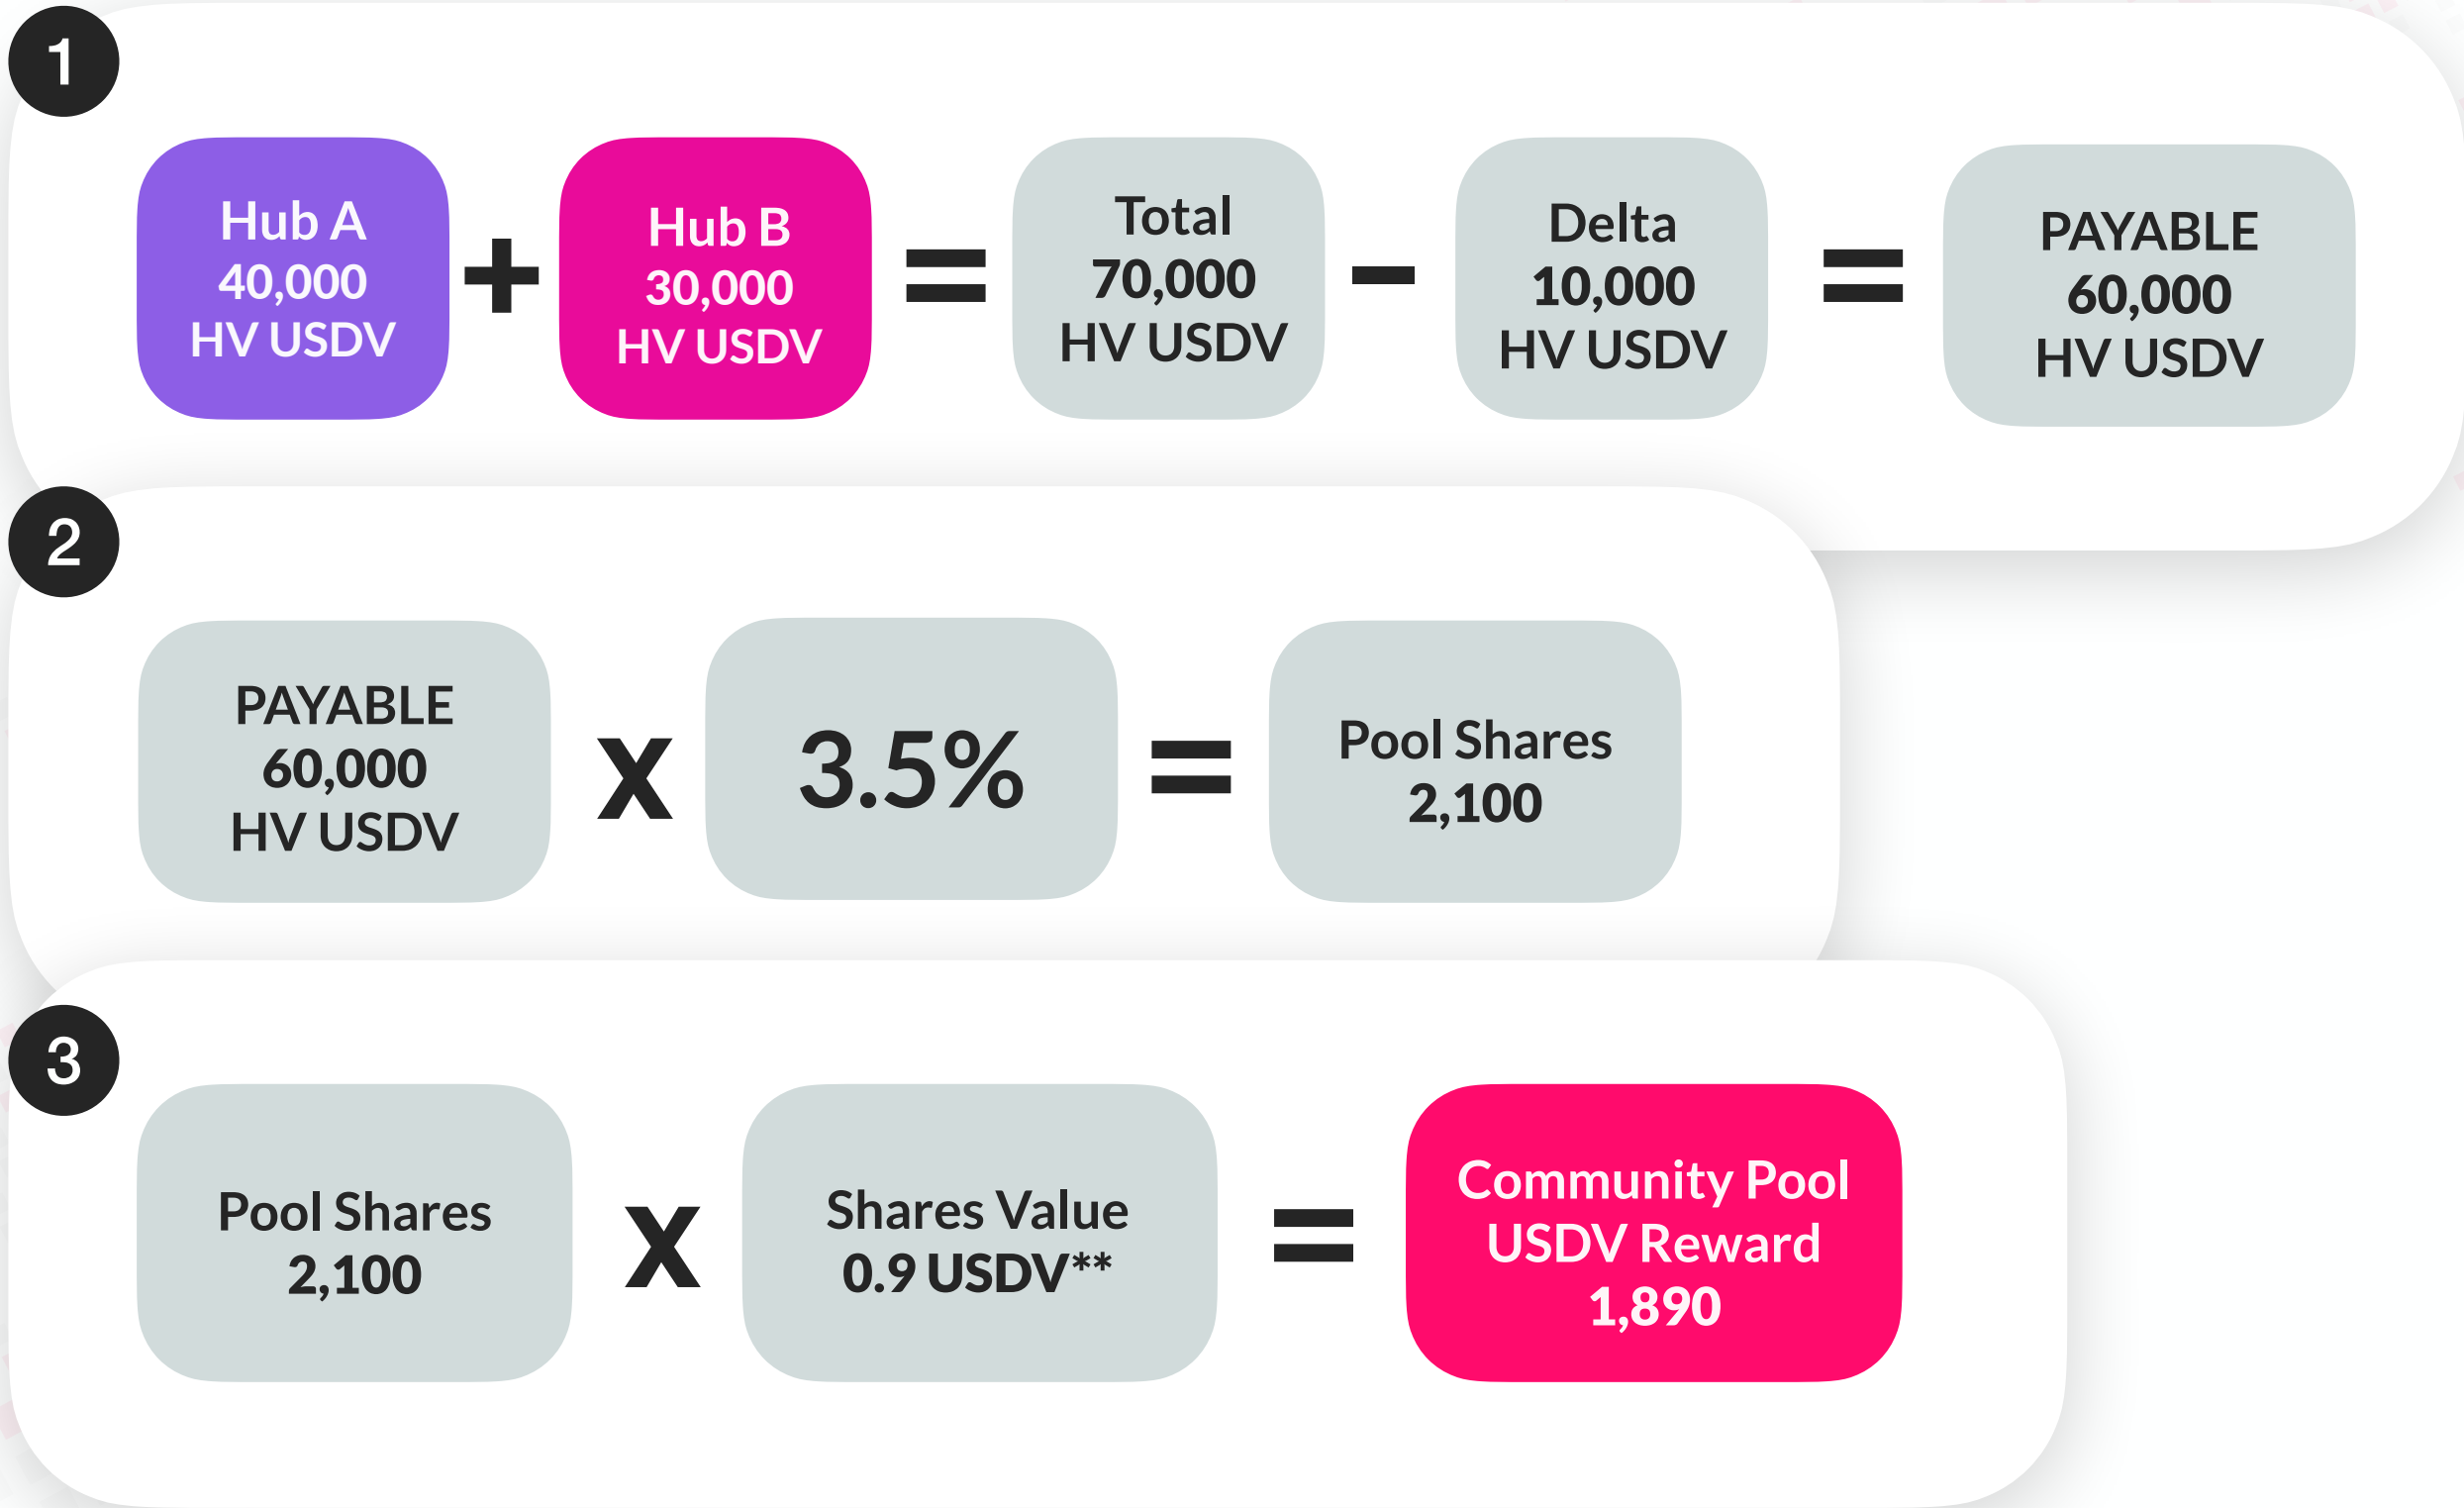

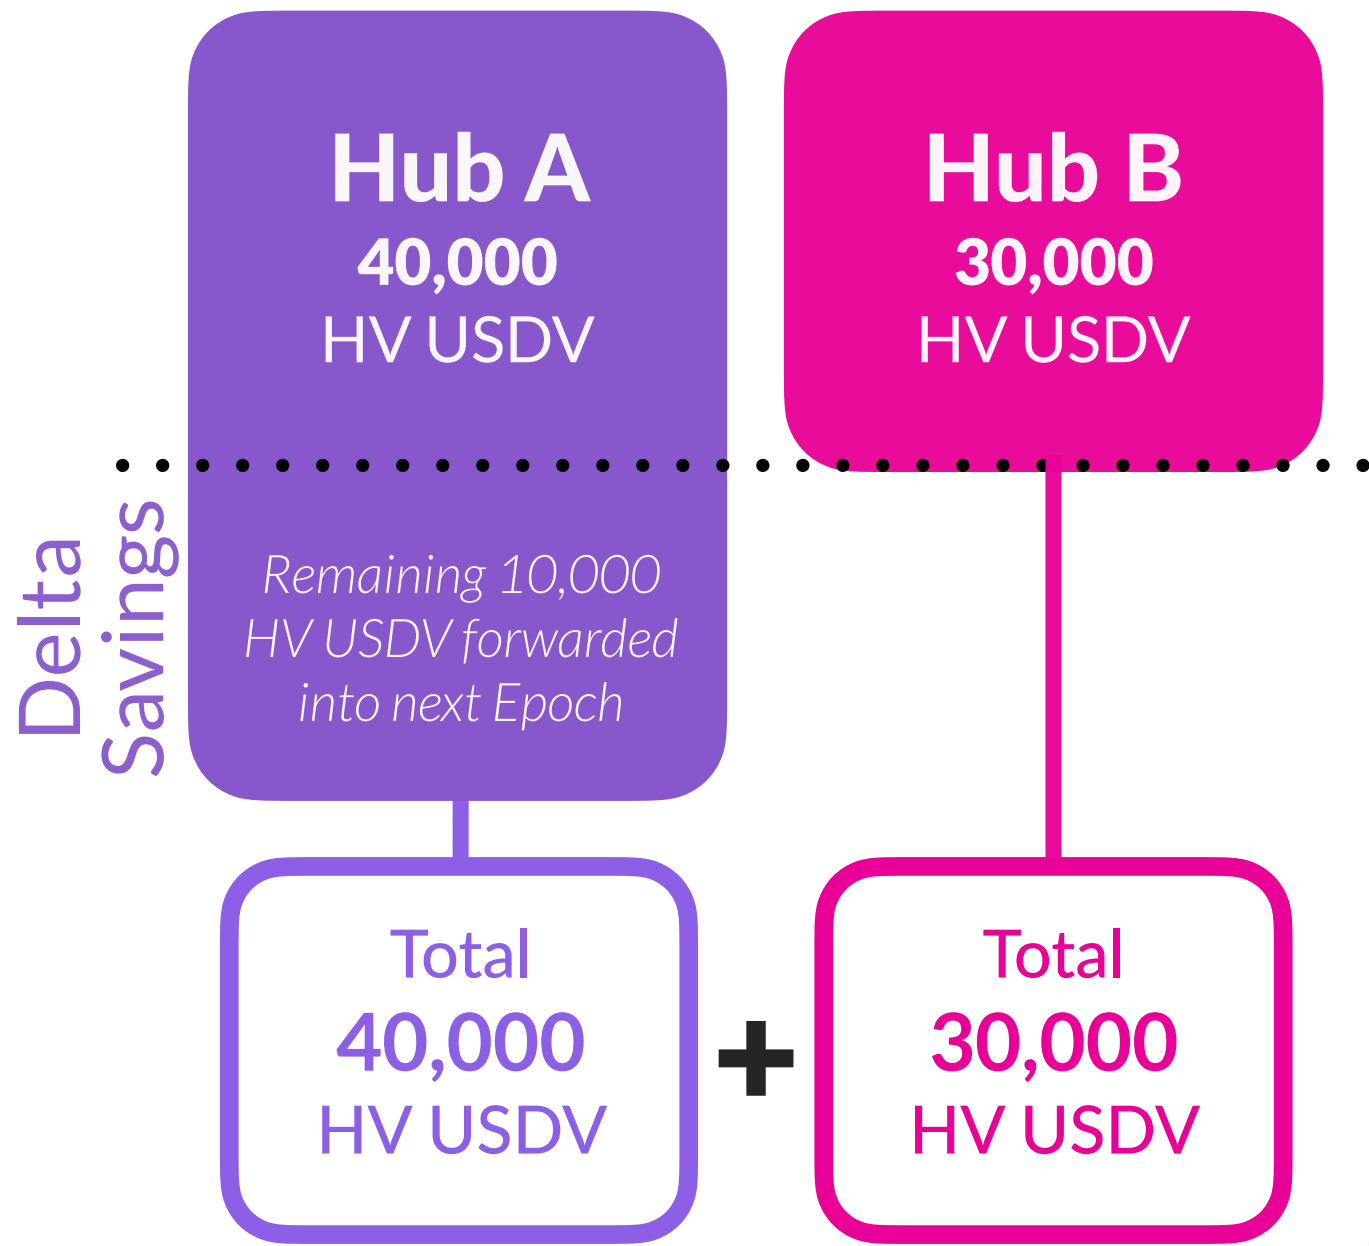

Community Pool USDV Example

Reward
per Epoch

Peter and his community have generated 40,000 HV* USDV in Hub A and 30,000 HV* USDV in Hub B during the current epoch

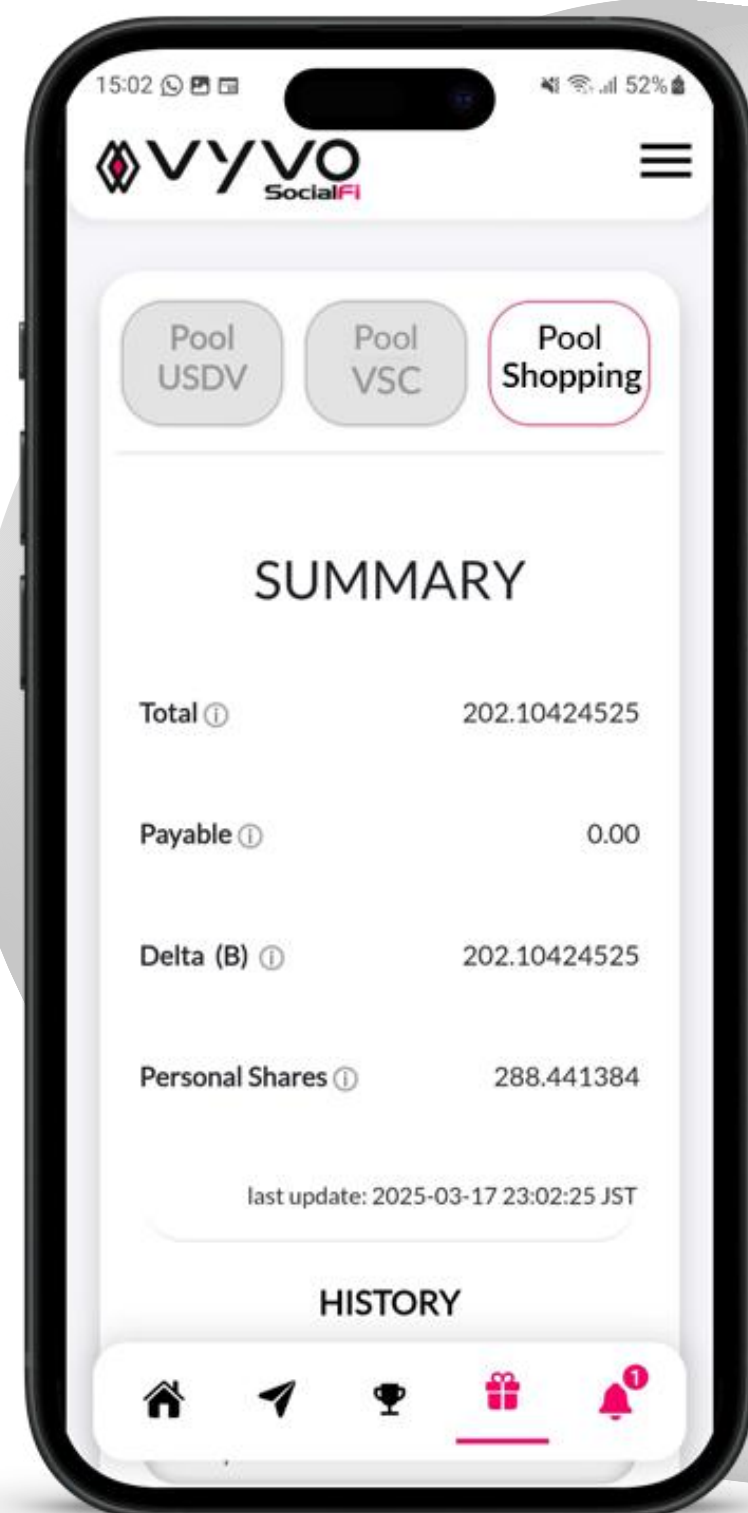

** In this example we used a share value of 0.90 USDV but typically it is equal to 1 USDV.

* Hub Volume

Community Pool Shopping

Whenever Members use a VyvoPay or OdeePay debit card, a small percentage* is returned to the **Community Hubs** in the form of **Hub Volume**. Your contribution entitles you to a share of the global cash in this pool.

The Community Pool Shopping is calculated in the following way

- 1 $\text{HUB A HV} + \text{HUB B HV} - \text{DELTA} = \text{Payable}$
- 2 Your Payable value is **multiplied by 3.5%** to determine your pool shares
- 3 Finally, every epoch the company provides a share value**, and your final reward is $\text{Your Pool Shares} \times \text{Share Value} = \text{Community Pool Shopping Reward}$

* You add 1 HV in Community Pool Shopping Volumes for every US\$10 in transactions that your community spends using their OdeePay/VyvoPay. This means US\$19 in transactions still equals 1 HV, but US\$20 in transactions equals 2 HV, and so forth.

** The share value is typically equal to 1 USDV but may change depending on certain conditions, such as the type and cost of products sold on the partners' side, the total rewards cap, or other parameters.

Please note: that ATM withdrawals are not eligible for the Community Pool Shopping Reward.

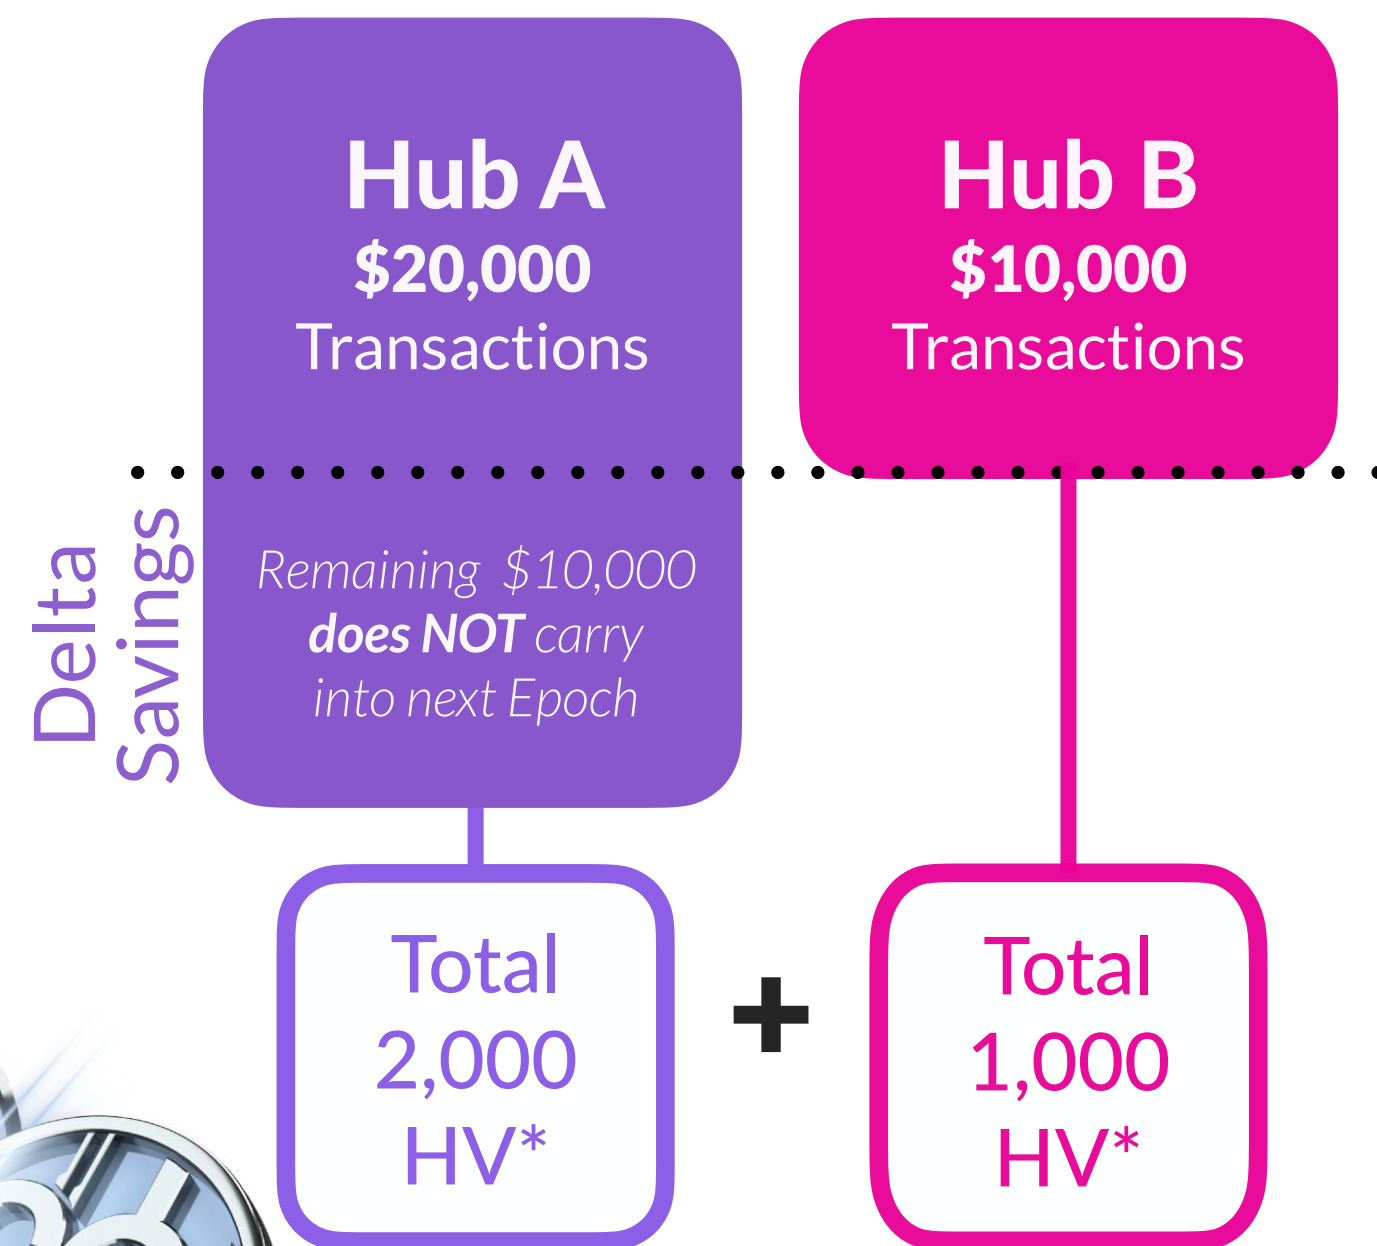

[View an Example](#)

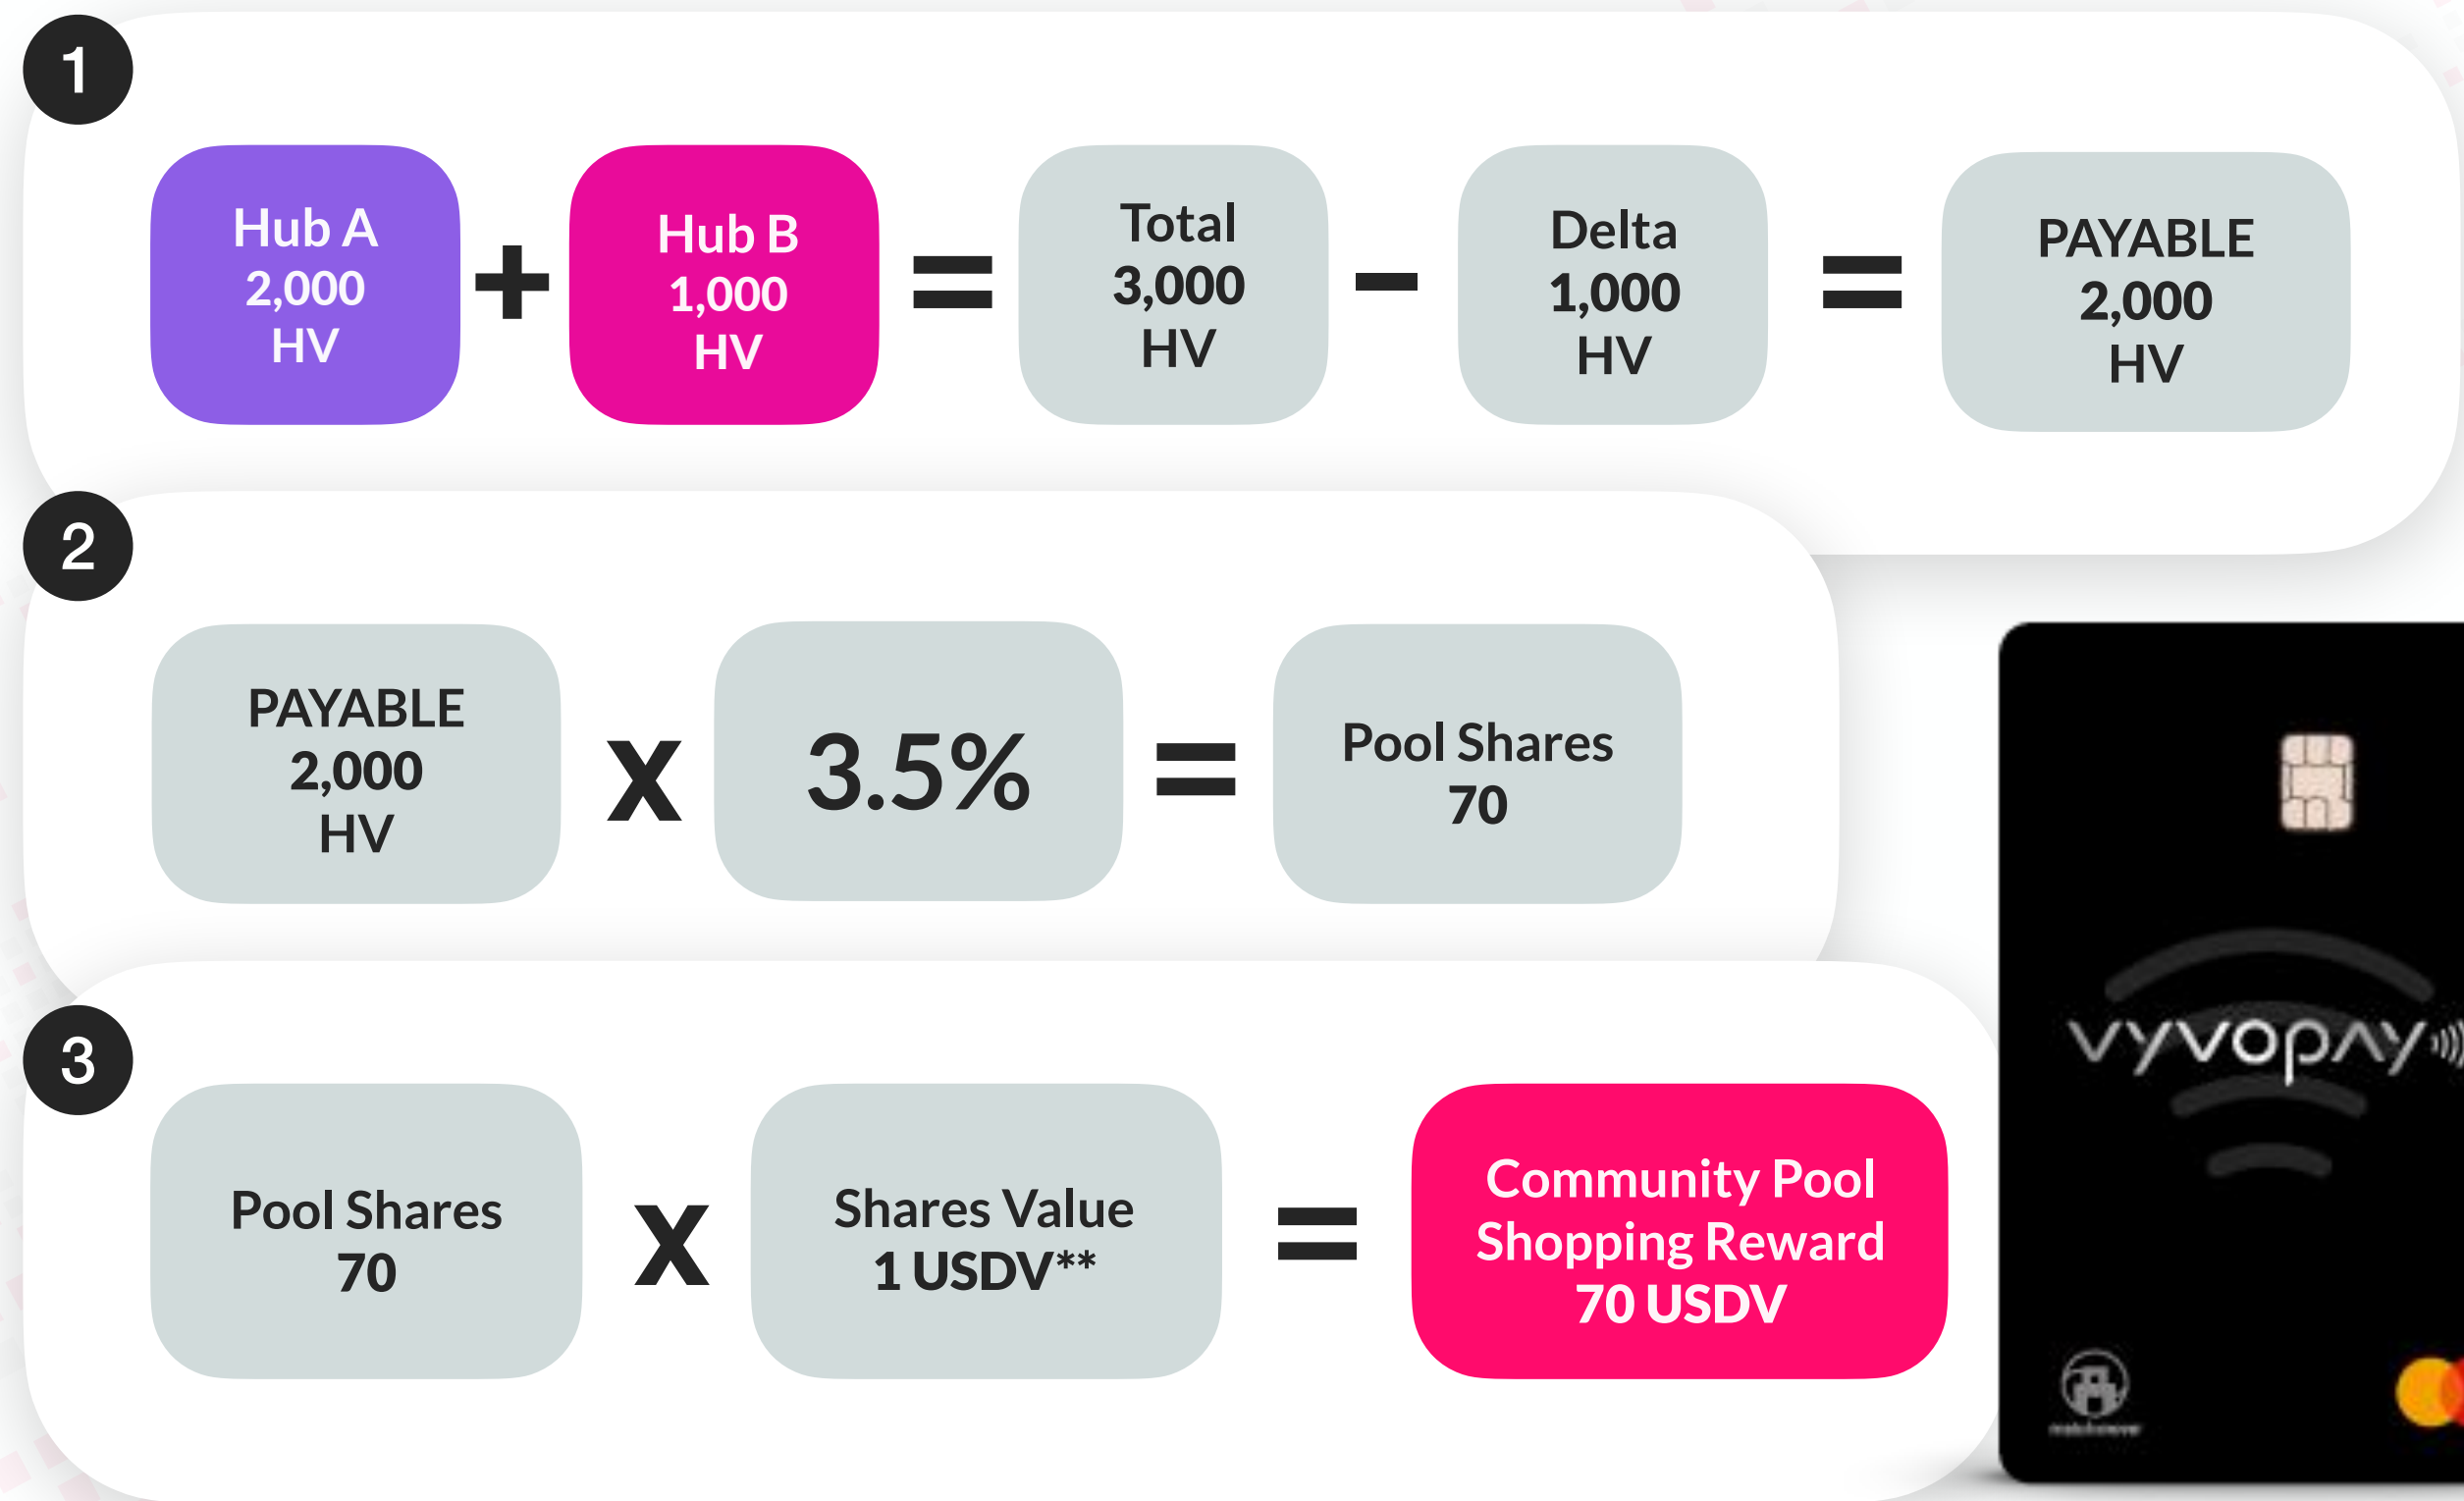

Community Pool Shopping Example

Peter's community have spent \$20,000 USDV transactions in Hub A and \$10,000 in Hub B during the current epoch

1,000 HV based on 1 HV in Community Pool Shopping for every US\$10 in transactions that your community spends using their OdeePay / VyvoPay. This HV accumulation is **not** based on the total of transactions but it is calculated **after** each transaction.

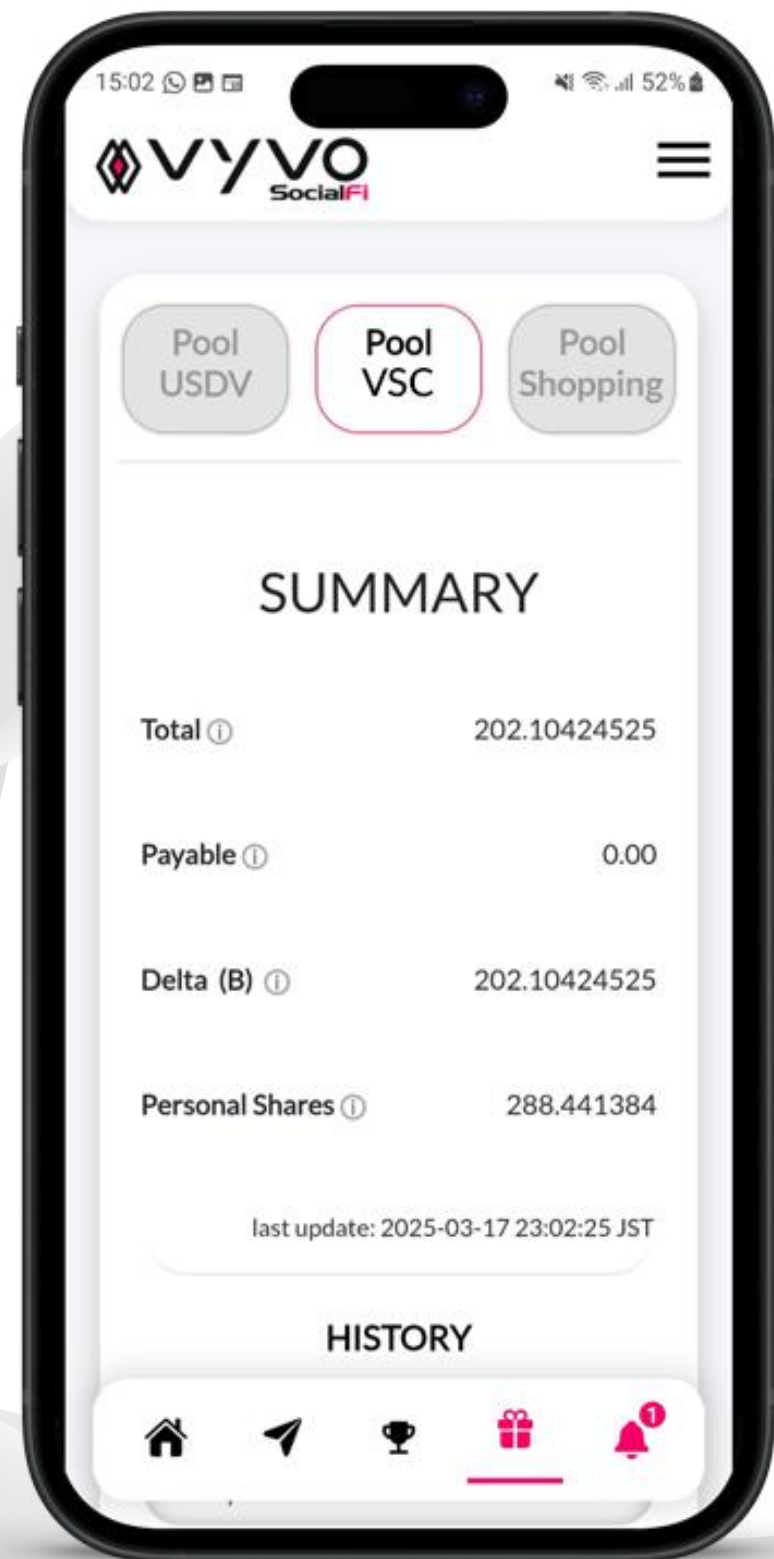

** The share value is typically equal to 1 USDV but may change depending on certain conditions, such as the type and cost of products sold on the partners' side, the total rewards cap, or other parameters.

* Hub Volume

Community Pool VSC

When you help build the Vyvo Smart Chain data mining community, you'll be rewarded with a share of the daily VSC earnings derived from global data mining activities.

Every user will contribute a corresponding 50% of their mining to this global pool.

The Community Pool VSC is calculated in the following way

- 1 HUB A VSC + HUB B VSC - DELTA = Payable
- 2 Your Payable value is **multiplied by 10%** to determine your pool shares
- 3 Finally, every epoch the company provides a share value*, and your final reward is
Your Pool Shares **x** Share Value = **Community Pool VSC Reward**

* The share value is typically equal to 1 VSC but may change depending on certain conditions, such as the type and cost of products sold on the partners' side, the total rewards cap, or other parameters.

[View an Example](#)

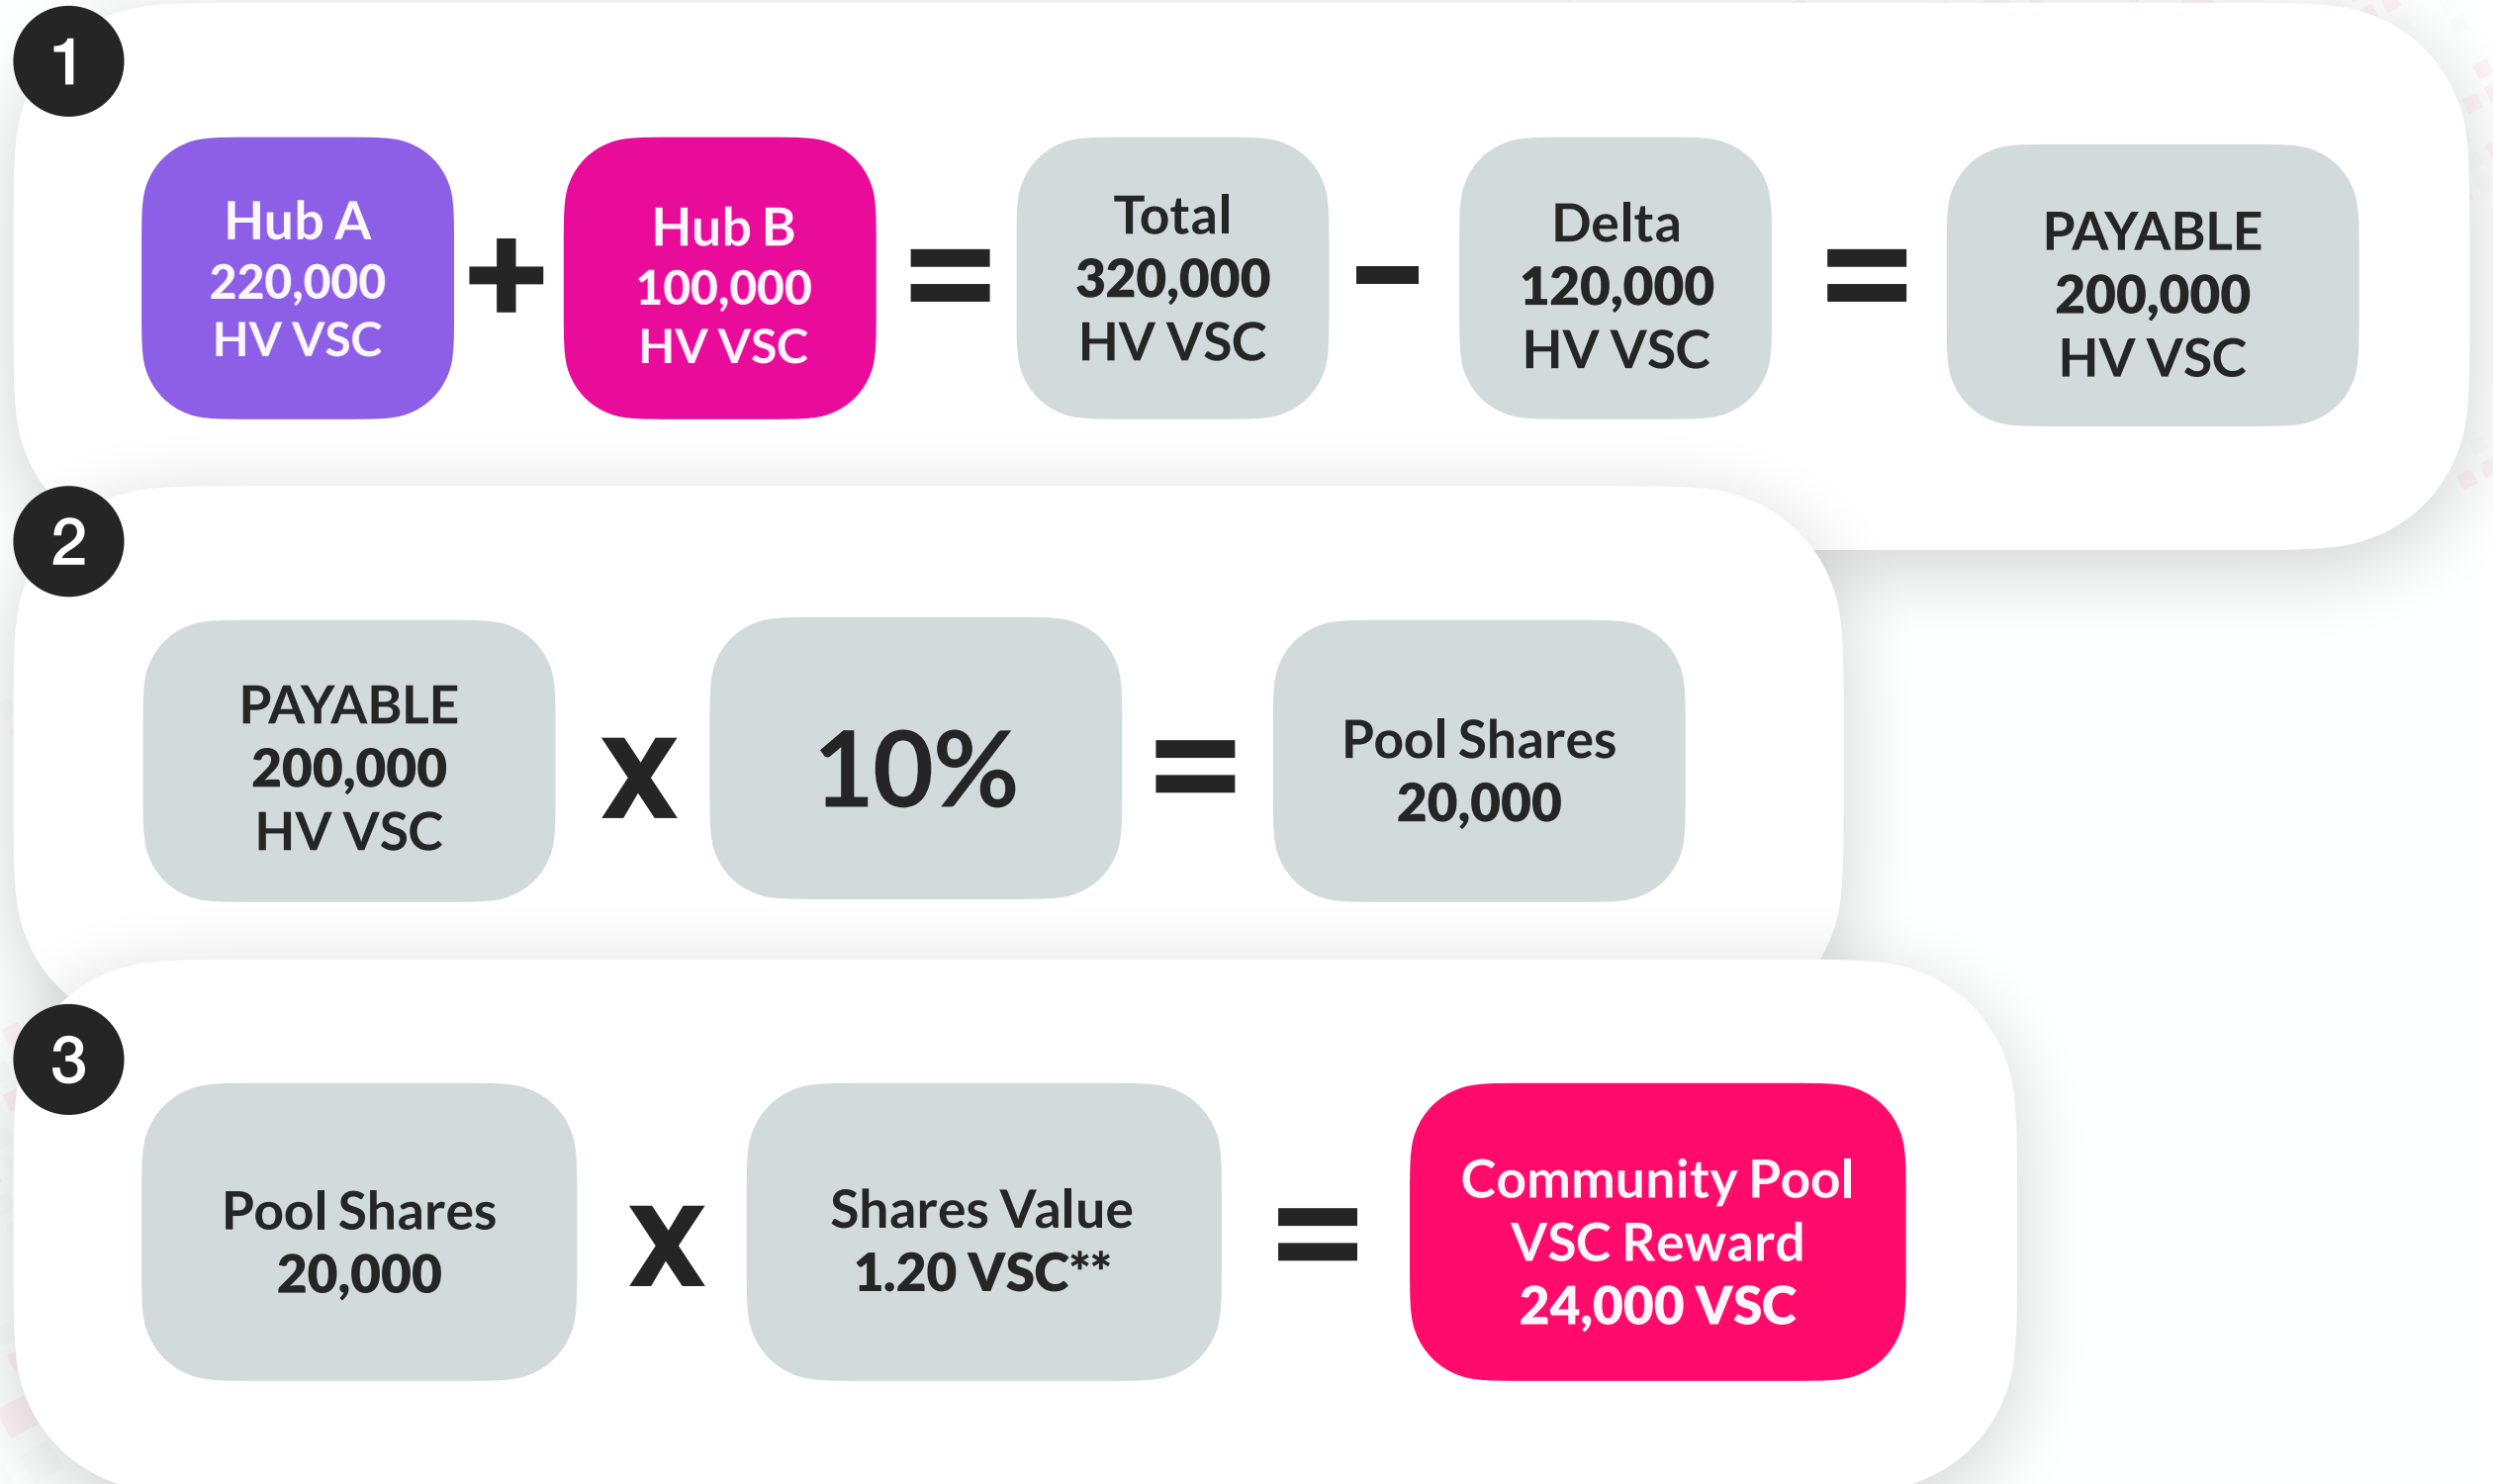

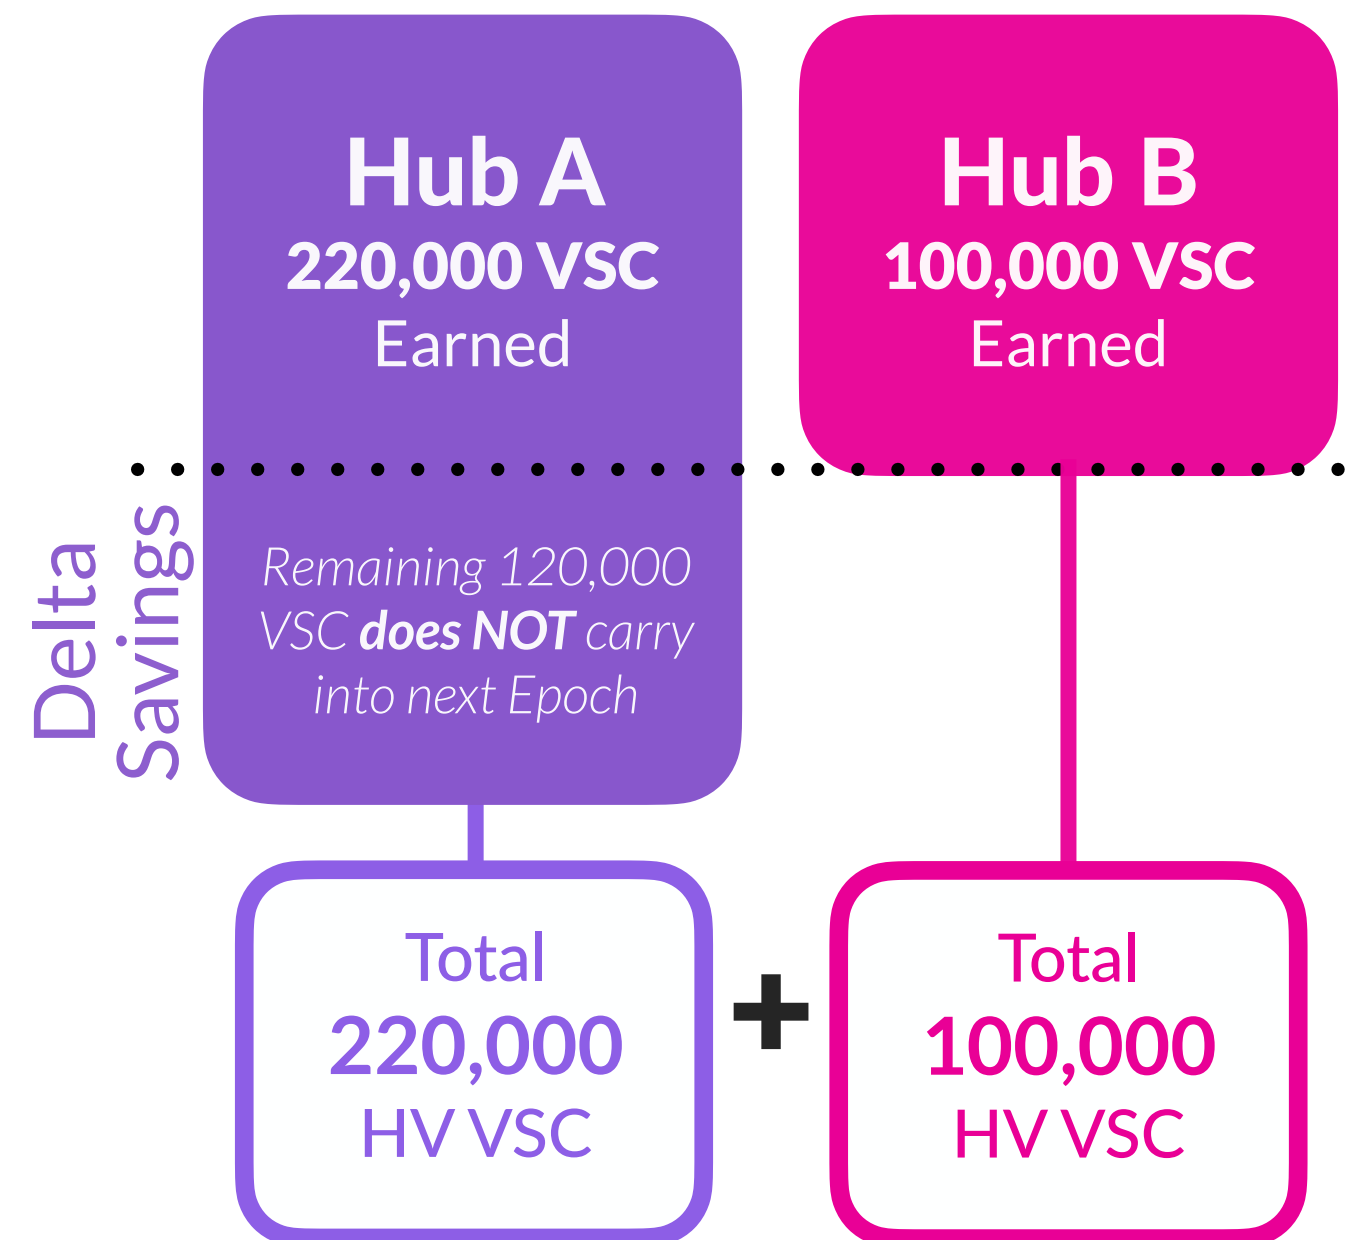

Reward
per Epoch

Community Pool VSC Example

Reward
per Epoch

Peter's community have mined 220,000 VSC
in **Hub A** and 100,000 VSC in **Hub B** during the
current epoch

** In this example we used a share value of 1.20 VSC but typically it is equal to 1 VSC but may change depending on certain conditions

Community Awards

Your Success. Your Stage.
Crush your goals and climb the Vyvo ranks — we'll make sure the whole world sees your impact

Your rank is based on the **total payable**, from the **Community Pool USDV** reward, accumulated over the previous four consecutive epochs.

Past Prestige Club Events

Terms

⦿ ACTIVE

You are considered Active if you own a Hub Console Pro.

⦿ CONNECTION

A Connection is a Member linked to your Hub Console.

⦿ CONNECTIONS PLACEMENT

You can add a connection by using the invitation codes provided in your app. There are two types of invitation codes: one for assigning a connection to Hub A and the other for assigning a connection to Hub B. Your choice of Hub placement depends on the decision you make when sharing your invitation code with a prospective connection.

⦿ COMMUNITY DELTA

It is the difference in Hub Volumes after the Community Pool Reward USDV and VSC calculations (we calculate the Delta in Community Pool USDV, Community Pool Shopping, Community Pool VSC).

⦿ DELTA SAVINGS

For the Community Pool USDV Reward the Delta is carried over to the following Epoch, where it plays a key role in determining the next reward amount. Activation condition is required; inactive Influencers will lose any accumulated volumes.

⦿ EPOCH

An Epoch refers to a specific period, typically lasting seven days, in which the community's activity generates all rewards. Please note that the Company retains the right to alter the duration of any Epoch.

⦿ EPOCH CYCLE CLOSING

An epoch typically spans a seven-day period and resets every Tuesday at 00:00 AM SGT.

- Los Angeles (PST, UTC-8) – Monday at 8:00 AM
- Miami (EST, UTC-5) – Monday at 11:00 AM
- Rome (CET, UTC+1) – Monday at 5:00 PM
- Moscow (MSK, UTC+3) – Monday at 7:00 PM
- Bangkok (ICT, UTC+7) – Monday at 11:00 PM
- Taipei (CST, UTC+8) – Tuesday at 12:00 AM
- Tokyo (JST, UTC+9) – Tuesday at 1:00 AM
- Singapore (SGT, UTC+8) – Tuesday at 12:00 AM (base reference time)

Note that time zones may change between standard and daylight savings time. However, the company reserves the right to change this closing time for any reason.

⦿ ETHICAL POSITIONING

It is forbidden to attempt to 'game' the system to generate more rewards. Any Influencer attempting to do so may, at the Company's sole discretion, have their account terminated. The Company reserves the right to deduct this amount from a Influencer's rewards or to take action to seek monetary damages up to two times the fraudulent reward paid plus any legal costs.

⦿ HUB

A Hub is a digital space in the inPersona and Vyvo SocialFi Apps that contains a user's connections and the USDV and VSC produced by them

⦿ HUB VOLUME

All purchases made within your Hubs during an epoch generate Hub volume (HV).

⦿ MINIMUM PAYABLE HUB VOLUME

For the Community Pool USDV Reward, the payable amount must exceed 100 USDV. If it does not, the payment will be carried over and calculated in the next epoch.

⦿ PERSONAL CAP

The maximum USDV reward that an Influencer can earn as Community Pool USDV Reward is 250,000 USDV per Epoch.

⦿ REWARD FLUSHES

When an Influencer is not Active at the end of a epoch, all the Community Rewards and volumes will be lost and not computed for this Epoch.

⦿ REFERRER

A referrer is an Influencer who owns a Hub Console and actively participates in the Vyvo SocialFi Rewards Program.

⦿ REWARDS CALCULATION

Some rewards are computed instantly, while others are calculated on a daily basis. Additionally, periodic (usually seven days) rewards are calculated the day following the Epoch's closure. The results of these calculations will be finalized and accessible in your app.

⦿ TOTAL REWARDS CAP

The maximum rewards amount in a single Epoch is 35% of the total sales generated inside the Vyvo SocialFi Rewards Program for the same Epoch. Any amount in excess will be deducted proportionately between all Influencers.
