

# VYVO | 2026 Q1 Strategic Plan

Stabilization and aligned growth

A unified roadmap for infrastructure, AI, and community expansion.

# Why This Update Matters Now

## Content Direction

- The AI market is accelerating globally
- Early positioning creates advantage
- Scalable infrastructure is essential
- Community participation fuels growth

# VSC Challenges We Faced

Addressing challenges and unlocking the next phase

- Rapid shifts across crypto and AI markets
- Infrastructure growth required scaling adjustments
- Strategic refinements based on real-world learning
- Long-term vision remains intact

# VSC

## Entering a New Era

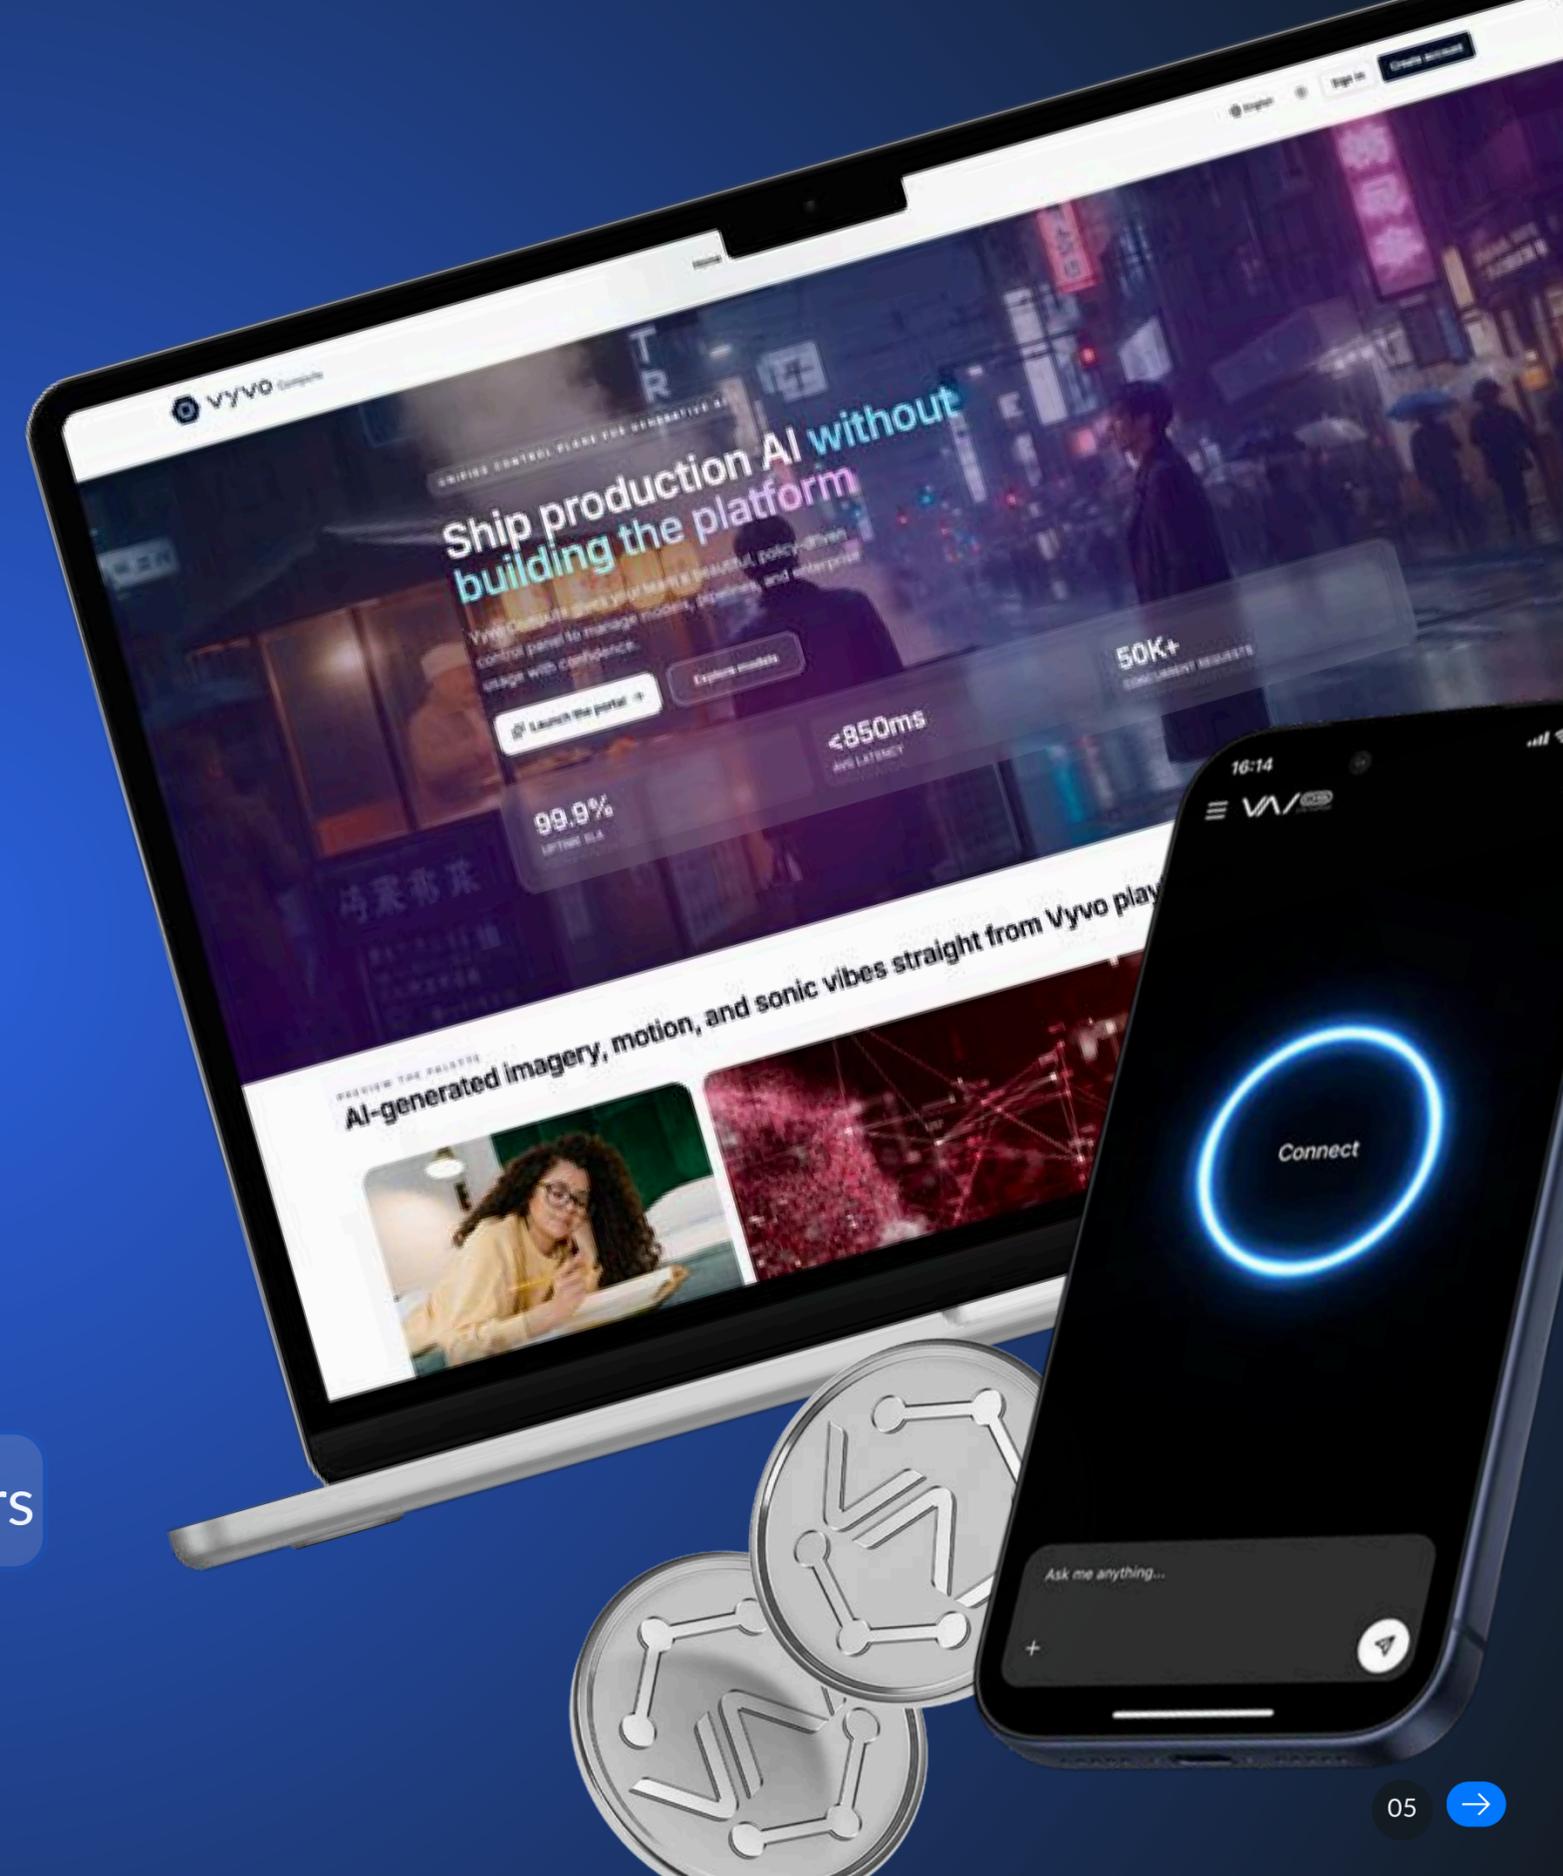

Strengthening the foundation for what comes next

- Vyvo AI integrates the VSC platform
- VSC becomes the infrastructure behind Life CoPilot
- Built on privacy, data ownership, and real-world AI utility
- Designed for scalable global growth

# Clarifying VAI Token Dynamics

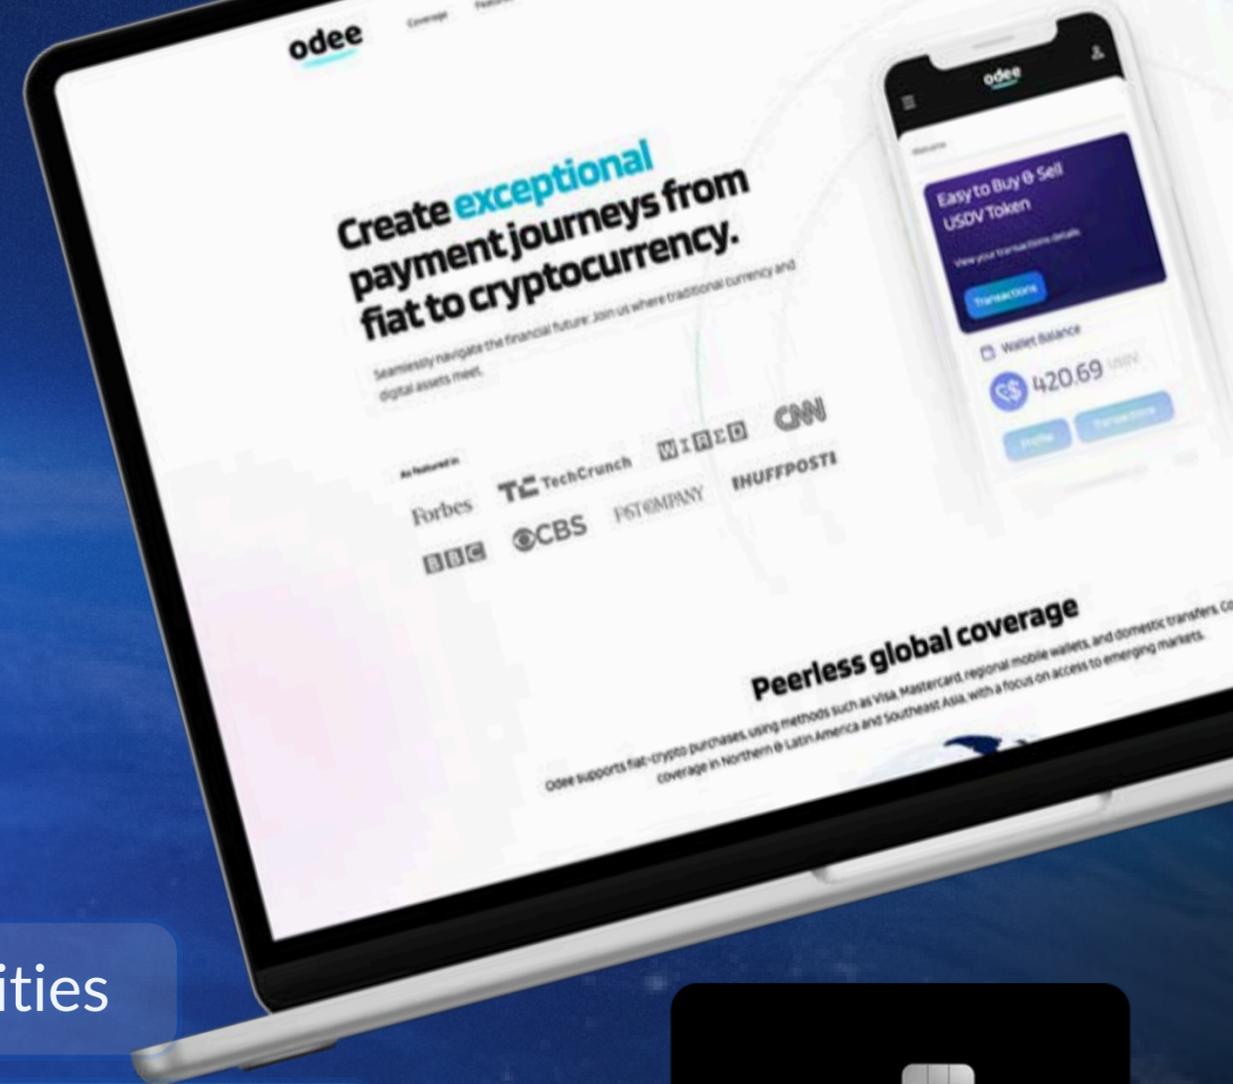

## Utility and adoption drive value

- VAI rewards are not manually controlled
- Adoption creates organic demand
- Growth depends on real ecosystem usage
  - Real Forge engagement
  - Active Life CoPilot users
- Value is driven by utility, not speculation

# Odee New Service Infrastructure

Built for stability, compliance, and global growth

- Introduction of USD Wallet

- Strengthened compliance framework

- Scalable global infrastructure

- Clearer and more transparent commission flow

- Simplified onboarding experience

- Key capabilities

- USD balance holding

- More reliable payouts

- Clear commission visibility

- Designed for global usability

# One Vyvo

Unified. Integrated. Positioned for Scale.

# Latest Vyvo AI Delivery

Real features. Real infrastructure. Real progress.

Core Life CoPilot live and actively used

Infrastructure upgraded for scale and reliability

Execution-focused with measurable progress

- Core Life CoPilot functionality live
- Active users and continuous iteration
- Infrastructure scaled for performance
- Accelerated development cycle

# What the New Offering Is

A simpler way to access Vyvo AI, with flexible paths for personal use and optional business participation.

## Who it's designed for

Individuals who want powerful AI tools for daily life, with the option to participate at a deeper level.

## Why it matters now

- Vyvo AI is live and actively used
- Engagement is built on real utility

## How it integrates

- One unified platform
- AI as the foundation
- Use it personally
- Build with it professionally
- Participation as an optional layer

## This is not just a product

It is

- Access to a business opportunity
- Entry into a growing AI economy
- Access to ecosystem participation
- Access to AI tools

**Choose how you engage with Vyvo**

One ecosystem. Multiple access levels. You decide what fits your goals

# Price Plans

Flexible access to Vyvo AI.  
Participation optional.

## Access Levels Designed for You

- Direct access for AI users
- Preferred pricing through community invitation
- Full participation through the Vyvo SocialFi Rewards Program
