Helpful Tips

Las Vegas in June will be very hot. Daytime temperatures are unlikely to be below 38° C/100° F and can often exceed 44° C/110° F. Evening temperatures will remain elevated. Located in the desert, Las Vegas has minimal humidity.

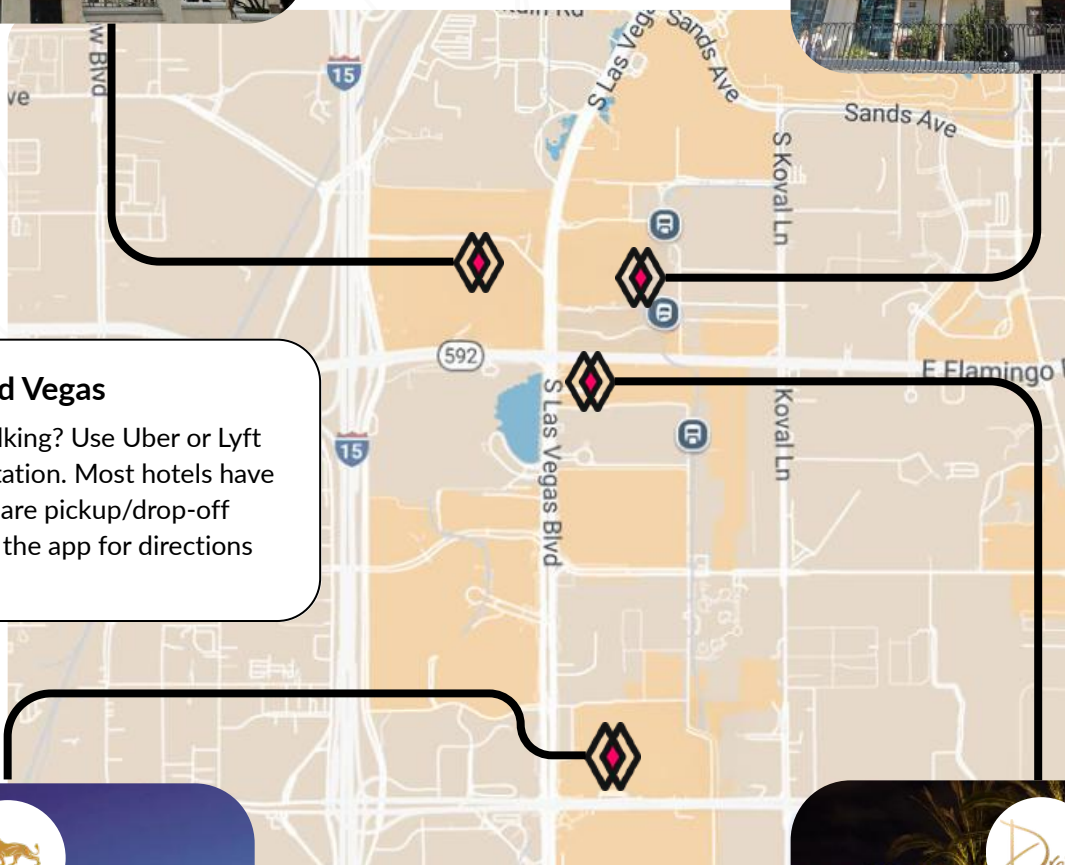

While indoor venues are air conditioned, the constant shift between the scorching outdoor heat and chilly indoor AC can be intense. To help you stay cool, fresh, and comfortable throughout the week:

- Bring sunscreen and stay hydrated
- Carry a portable or collapsible water bottle
- Pack a light scarf, wrap, or sweater for indoor sessions and night events
- Wear breathable footwear for walking and excursions
- Don't forget sunglasses and a hat for daytime events
- Bring tissues or wipes to stay fresh
- A small hand fan (manual or portable electric) is a great idea

ESSENTIALS FOR ALL DAYS

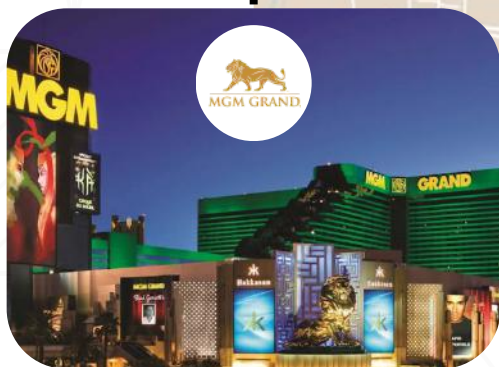

- Travel documents & ID
- Event tickets or QR codes
- Portable charger
- Toiletries & skincare
- Extra evening outfit options
- Swimsuit (if you plan pool time)
- Medications or travel comfort items

Your comfort is key to enjoying your Vyvo Lifestyle Holiday to the fullest – plan ahead and dress smart!
