Experience the Evolution of Wellness

Advanced Wearables that Enable Advanced Wellness

BioSense
HEALTH BAND

The world's most advanced health band

All of that in one elegant, ultra-thin and ultra-light device that won a 2023 iF Design Award.

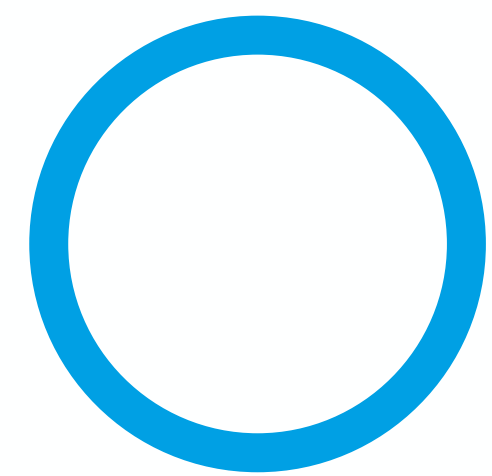

Equipped with a medical-grade fingertip sensor for blood pressure, blood oxygen, and APG readings.

Electrodes for Bioelectrical Impedance Analysis and a clear understanding of body composition.

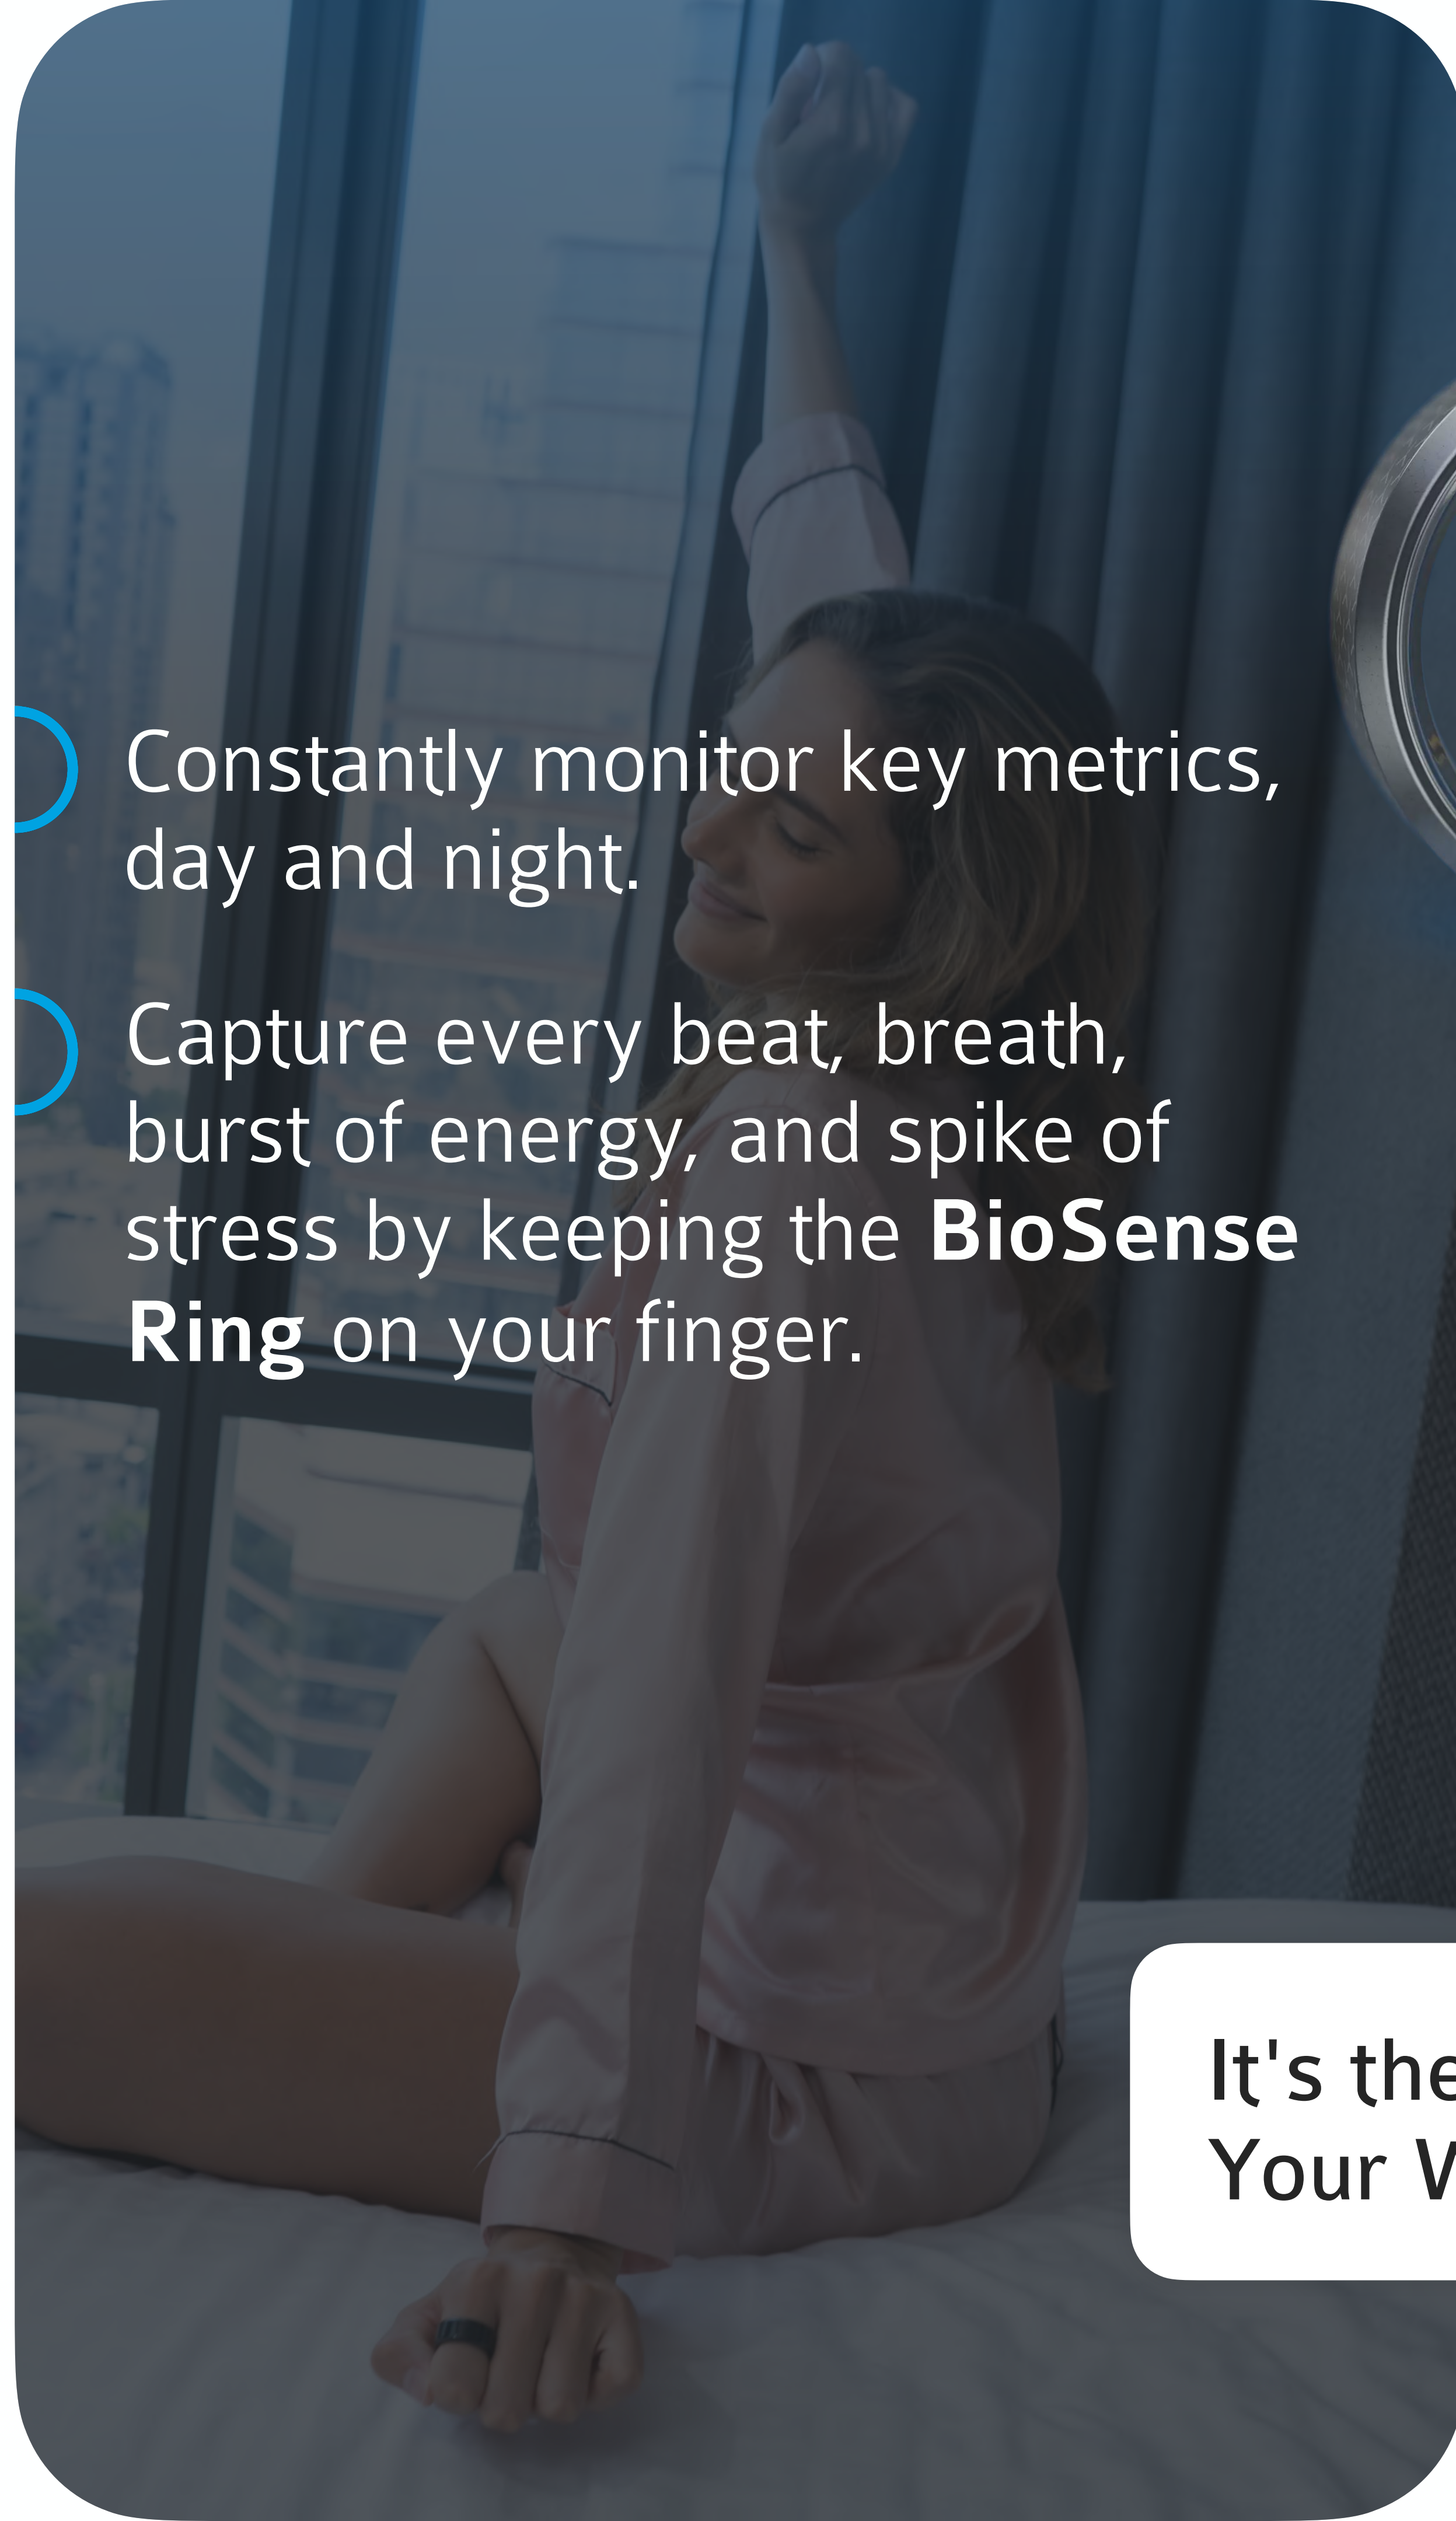

Privacy and Proof-of-Sensing, plus VyvoPay and continuous monitoring of key wellness metrics.

BioSense
RING

The New Shape of Wellness

Constantly monitor key metrics, day and night.

Capture every beat, breath, burst of energy, and spike of stress by keeping the **BioSense Ring** on your finger.

Only **2.7** mm
Thickness

Just **3.0** g
In weight

At just **3 grams** and less than **3 millimeters** thick, the **BioSense Ring** fits effortlessly into your life.

It's the One Ring for Your Wellness Quest!
